

STEEL

The Metalworking Management Weekly

EDITORIAL INDEX

VOLUME 163

July 1 to December 31, 1968

Subject Index 3

Company Index 14

THE PENTON PUBLISHING COMPANY

Penton Building, Cleveland, Ohio 44113

SUBJECT INDEX

A

Accounting:

Computerized data system at MSL uses National Cash Register units (computers don't discriminate against small firms), 7/8, p.44b*

Acquisitions:

Acquisition is 'growth product' at Monogram, 11/18, p.76
See also Mergers

Adaptive Control: See Numerical Controls

Adhesives: See Joining

Advertising Index:

Help wanted index rises, NIBC, 11/4, p.24
Engineer-scientists demand index drops, 4th quarter, 12/30, p.20

Aerospace:

Aerospace innovator (Ralph Ruud, North American Rockwell) sees hike in technology pace, 7/8, p.47
Aerospace places more subcontracts in foreign shops, 12/16, p.83
Apollo moon shot, crisis testing at Wyle Laboratories, 12/23, p.43
Cost squeeze attacked by firms, suppliers, 7/29, p.72
Forgers meet pace of aerospace, AIA annual study, 11/11, p.20
See also Labor-IAM

Africa (South):

Aluminum smelter built at Richards Bay, 11/18, p.24
Copper mine in Mauretania, English ownership, 12/30, p.24

Aircraft:

A-4 Skyhawk fighter bomber flap has boron filaments, 9/9, p.23
ADAR (Aerial Delivery and Retrieval) for remotely located natural resources, 7/8, p.17
Adhesive bonded structures eyed for greater role in passenger aircraft, 10/28, p.72e*
Aluminum alloy dev. as structural material for liquid fueled rockets, Alcoa, 12/23, p.23
Boeing builds titanium landing gear beams for 747, 9/9, p.64a* and 12/9, p.74f
Boeing 747 stringers rolled on NC taper mill, 11/18, p.84g*
Boeing to double aircraft fastener life, use of machine squeezed rivets, 11/18, p.84u*
C-5 cargo plane cost data sought by Sen. Proxmire, 12/2, p.19
Cargo jets, Douglas designs, 7/8, p.20
Cargo terminals should be automated, 9/16, p.92
Cessna landing gear, switch to cold drawn vanadium seamless steel, 11/18, p.84c*
Combat helicopter gets EB weld at Solar, 9/16, p.110k*
Composites are keys to better airframes: Dr. Steinberg, Lockheed, 11/25, p.64a* and 12/16, p.51f
DC-10, more aluminum used; electrochemical machining tech. used, 'electrostream drilling', 8/19, p.75
DC-10 transport planes, tomorrow's tools at work today, 11/4, p.19
Diffusion bonding for structurals reported by North American Rockwell, 12/2, p.66
Giant EB welders may stitch next U. S. fighter planes (Grumman Aircraft Eng.), 10/14, p.51
Jumbo jets up containerization, air cargo aluminum containers for 747 program, 12/2, p.21
L-1011 trijet, heavier skin for fuselage, 9/9, p.23

L-1011 landing gear, subcontractors' view changes, 10/7, p.148h*
Navy helicopter has fluidic control, 9/9, p.21
NIBC survey: Most employees fly coach while on business, 11/11, p.20
Nickel welds (TD) for rocket engines, 8/19, p.58d*
Nondestructive test pays off for Piper Aircraft, 12/2, p.68
Northrop successful in heated plastic tooling, 10/28, p.72d*
SST: Boeing asks for fixed wings, conventional tail, advanced lift devices, 10/28, p.20
SST diffusion bonding techniques, 7/1, p.22
SST tooling costs less with blind rivets made of Beta III titanium alloy, 9/30, p.22
SST wing design studied by Boeing, interest in movable wing version (sonic boom problem, etc.), 9/9, p.22
SST—what's ahead? 12/9, p.19
Superalloy wanted for jet engines, NASA, 9/2, p.23

Air Cushions:

Derricks moved over swampy ground, 9/16, p.27

Air Force:

17,000 ton hydrostatic press on drawing board at Battelle, 10/28, p.22

Air Freight:

Air cargo birds poised for boom (Getting Goods to Market), first flight by a Handley-Page bomber, pic, 7/1, p.41
Air cargo cruising to higher volume (Hoffman, Flying Tiger Line), 12/16, p.37

Air Pollution:

Garvey (Coal Research Programs): Needed — for control, more Congressional funds, 9/23, p.50k* and 11/18, p.67f
Lasers, satellites may monitor air pollution, GE lab contract from Appalachian Regional Commission, 11/11, p.22

Air Transport Assn. of America:

Airlines spending forecast for 4 years, 10/28, p.104

Alloys:

Aluminum alloy 2021, high strength (Alcoa) dev., 12/23, p.23
Asaron 77, a continuous cast bronze alloy for plumbing equipment, 10/21, p.48n*
Brazing alloys aim at easing joining problems, Sylvania, 10/28, p.23
Copper alloys best in desalting plants, 10/28, p.72d*
Low cost iron base alloy subs for cobalt, 8/26, p.24
Olin Brass develops tough bronze alloy, 9/9, p.65
Zinc-aluminum superplastic alloy aims at autos, 11/25, p.23
Zinc base forging alloys dev. by Cominco Ltd., 10/28, p.23
Zinc diecasting alloy—Ilzro 14—evaluated vs. aluminum for carburetor, 10/28, p.23
Zinc diecasting alloy new, Ilzro 16, 11/18, p.22
See also Steel Alloys

Aluminum Association:

Adopts standard structural shapes, 1/29, p.19
Ogden, chairman, Screw Machine & Cold Heading Stock subcommittee: Reasons for switch to aluminum for screw machine products, 9/23, p.50e*

Aluminum Markets:

1967 shipments for cans, 5/29, p.58

1969 shipments and production forecast, 12/16, p.21

Aluminum campaigns for screw machine vote (over steel and brass), 9/23, p.50e*
Aluminum consumers inventory buildup against possible June strike of three largest producers, 1/22, p.23
Aluminum industry shipments to rise, NAAD report, 7/22, p.73
Aluminum sheet shipments, 1/22, p.24
Aluminum use seen rising in 1968-1970 period, 1/15, p.67
Auto use seen doubling in decade, 1/29, p.51
Coil coaters use of aluminum, 10/14, p.16
Containers and packaging growing aluminum market, 7/8, p.63
Dependence on foreign alumina to increase, 10/21, p.69
European demand for architectural aluminum products, 9/23, p.24
Home interiors offer wide avenue for aluminum, 12/30, p.51
Housewares, small electric appliances push demand, 7/22, p.73
Japan pushes for more aluminum capacity, firms boosting, 10/28, p.105

Aluminum Plants:

Aluminum rolling mill for Korea, 8/26, p.24

American Die Casting Institute:

Diecasters unveil hot chamber aluminum machine, 10/21, p.32

American Gear Manufacturers Assn.:

Plastics Gearing Committee formed, 11/4, p.24
Sears: View on 1969 outlook, 12/9, p.125

American Hot Dip Galvanizers Assn.:

Galvanized reinforcing steel coming of age: Merits of zinc coated rebar (bridges, floor slabs, walls, etc.), 9/9, p.46

American Institute for Imported Steel:

Importers: Troubled suppliers (steel threat) report of Wimpheimer and Kurt Orban, 7/8, p.31

American Institute of Steel Construction:

Structural steel fabricators, market report, 10/21, p.68

American Iron & Steel Engineers:

AISE exposition . . . cost consciousness evident, continuous steelmaking, etc., 7/1, p.19

American Iron & Steel Institute:

Steel industry capital spending and acquisitions, cash flow, last three years, 10/28, p.7

American Machine Tool Distributors' Assn.:

Ring is meeting speaker: Salesmen (capital equipment) may be less 'technical', 10/7, p.37

American Management Association:

Adds (SMA) unit, Supervisory Management Assn., for first level manager, 12/23, p.21

American Metal Stamping Assn.:

Keith: Metal stampers slowed by lack of new orders, 9/9, p.92

American Mining Congress:

Sloane (Alcoa) address: Dependence on foreign alumina to increase, 10/21, p.69

American Society of Electroplated Plastics:

Annual meeting report: More plated plastics for autos, 11/25, p.21

American Society for Metals:

1968 materials exposition highlights, 10/7, p.83
Expo and Congress: Quality control wins attention, 10/21, p.19

American Society for Testing & Materials:

ASTM meeting report: Lube experts' advice—try dry, 11/4, p.68a* and 12/9, p.75f
ASTM spec: Marking structurals, foreign steel producers cry foul, 10/14, p.16
Branding steel to identify country of origin still considered, 11/18, p.22

American Society of Tool & Manufacturing Engineers:

Atlanta conference, reports, 10/14, p.16

Appliances:

1969 market outlook, Campbell (Frigidaire) predicts, 12/2, p.90
Appliance boom with July sales, metalworking trend, 9/16, p.149
Gas appliance makers, market report, 7/8, p.74

Area Development:

Help on manpower bind can lure new plants (STEEL Feature), 12/2, p.45
How battle for new industry shapes up (states): Yellow sheet insert, 12/2, p.49

Army:

Shell molded shoes fitted to new missile firing Tank, Sheridan M551, 11/4, p.71

Associated Industries of Cleveland:

Employee Relations Conference addressed by Dr. Livermash (Harvard): Think you have people problems now?, 10/7, p.70

Atomic Energy:

Irradiation curing for commercial use forecast, 10/21, p.23
Neutron radiographs, commercial status, 11/25, p.42
Plutonium know-how sought in manufacturing fuel elements for commercial nuclear reactors, 11/18, p.22

Australia:

Aluminum firms push diversification and expansion, 9/2, p.45
AMAX, Bauxite, Aussies sign bauxite mineral lease, 12/30, p.24
Bauxite reserves, find is proven, 7/1, p.24
Car builders warned to up auto prices, 12/2, p.24
Copper producers eye overseas markets, 8/26, p.90
Foreign-owned companies make profits but ignore government aim of partnership with local investors, 9/30, p.23
Legislation sought to compel overseas firms to sell 51% of shares in Australian firms to Australians, 10/14, p.18
Japan pushing for more Aussie ore contracts, map shows five projects, 11/4, p.56
Japanese cars produced, 7/8, p.20
Kaiser, Placer explore jointly, 7/8, p.20
Mineral development programs, 8/19, p.24
Mineral exports to climb, 7/15, p.24
Partnership to mine nickel find, Scotia mine, 9/9, p.64n*
Shipbuilding orders, 12/9, p.24
Tasmania may get steelworks, 8/19, p.24

Auto Shredder: See Scrap

Automatic Assembly: See Fabrication, Assembly

Automation:

Armed computerized automation blankets new hot rolling mill—from ingot to finished coil, 10/28, p.68a*

Automatic assembly — controls perfect the pace, 9/16, p.85

Automatic diecasting line at Dura, a one-man show, 10/14, p.54

Automated copper tube mill on stream at Porter (Stuarts Draft, Va.), 11/18, p.84d*

Automated diemaking, Chrysler digitizer, 7/29, p.11

Automated grinding line, Ford plant: 16,000 bumpers per day, 7/8, p.45

Automation smooths in-process storage: Westinghouse warehouse; Lockheed cargo terminals, 9/16, p.92

Automatic warehouse system, Interlake Steel, 11/25, p.41

Automotive:

4 door sedans (checklist chart), dimensions, engines, accessory prices, 10/7, p.13

1968 solid second half holds, steel strike no worry, build-out schedules begun, 7/8, p.9

1968—winners and losers, model run, 8/12, p.13

1969—how will model production fare? 8/12, p.11

1969 car sales to rise, Roche predicts, 9/16, p.24

1969 features: Year for the man who has everything, 9/30, p.8

1970: Car sales-13 million a year, Eby (Chrysler) predicts, 11/25, p.20

A designer looks at the '69s, auto show comments of independent auto designer, 12/16, p.9

AMC's holding year—1969, Lungeberg preview, 8/19, p.11

AMC: Several hits, some misses (capital spending for next five years) Chapin report, 12/23, p.12

Auto air conditioner sales, 8/12, p.72

Auto designers lack of concern about reparability, ASBE meeting report, 10/14, p.8

Auto parts forged from P/M preforms, cover pic, 10/7

Auto parts market report by Bere, Borg-Warner, 12/30, p.51

Auto warranty report confers more confusion than clarity, FTC charges, 12/2, p.9

Automatic assembly equipment, 9/16, p.85

Automatic highway control systems, 8/5, p.13

Automatic transmissions on import autos, 7/29, p.23

Car wash—\$50 standard joke for predealer inspections, 12/2, p.11

Carburetors: Zinc diecasting alloys vs. aluminum, 10/28, p.23

Chevrolet, computerized selection of auto springs, 8/12, p.33

Chrysler digitizer: Step toward automated diemaking, 7/29, p.11

Chrysler lays broad growth plans, Boyd cites goals, 9/2, p.10

Electric car race, Caltech and MIT, 9/2, p.20

Expressway, 100 mile per hour, futuristic systems, 8/5, p.11

Ford automated grinding line, 16,000 bumpers per day, 7/8, p.45

Ford computerizes traffic, inventory systems (TMIS and STS), 11/11, p.11

Ford minicar (Maverick) revealed, 12/16, p.21

Ford's Techna heralds 'better ideas', 7/1, p.12

Ford's emphasis on horsepower poses question—will Washington ignore 'hot' cars, 9/9, p.11

Ford to use antikick computer on cars, 7/8, p.16

Ford assaults service problems (Arjay Miller), 7/15, p.11

Ford's commercial turbine engine for trucks by 1972 a forecast, 10/28, p.11

Ford tests computerized brake and throttle control, 8/12, p.22

GM brings back plastic auto hoods, 12/30, p.19

GM: Design to dies via computer, 12/16, p.19

GM puts safety in the limelight (crash test dummy pic, Sophisticated Sam) 7/22, p.11

GM views capacity expansion, Cole sets personal goal, 9/23, p.12

Japanese-U. S. automakers, co-existence? 8/26, p.11

Plastic hood foreseen, 8/12, p.21; GM to bring back, 12/30, p.19

Plastic usages increase, 12/30, p.19

Plated plastics usage estimated, 11/25, p.21

Price hikes: How much labor to build a car, 9/30, p.19

Profiteering or responsible pricing? Industry-government confrontation (Sen. Nelson, Mich.), 10/7, p.11

SAE show spotlights auto trends in tractors, too, 9/23, p.36

Safety 'air bag restraint' dev. by Eaton Yale, cushions between instrument panel and rider, 12/30, p.9

Safety features on '69 models, 9/30, p.8

Safety rules due for trucks, 9/2, p.20

Safety testing to start, five firms to test (Highway Bureau contracts), 7/1, p.21

Scrap from junk cars (see Scrap)

Steel consumption, '68, 12/16, p.22

Taxicab (futuristic) promotes steel, 7/22, p.21

Tire-kicking appraisal of new cars is dying art: U. S. safety ratings suggests 'buyers' guide, 10/21, p.14

Tool and die makers charge automakers, 9/16, p.77

Tool and die issue, trend to captive shop, 10/7, p.203

U. S. auto trade with Canada: Is U. S. losing out? (Sen. Vance Hartke), 7/1, p.36

USSR to enter world auto market: Pedr Davis, Australian journalist predicts, 8/26, p.52

White collar organizing effort, how to invite (UAW), 9/16, p.11

Windshield glass (safety feature) for AMC, dev. by Corning, 12/9, p.11

B

Balance of Payments:

Treas. Sec'y Fowler appraises U. S. efforts to improve balance of payments position, 11/25, p.32

Bar Mills:

Republic unveils 14 in. Chicago bar mill, 12/9, p.64

Battelle Memorial Institute:

17,000 ton hydrostatic AF press on drawing board, 10/28, p.22

At Battelle-Northwest fabrication by cataclysm, feasibility of high energy rate forging to produce titanium parts, 9/30, p.22

Cold drawing process for tubes, variable die, 8/26, p.22

Miller: A look at the steel industry, world output, 11/25, p.19

Monitor detects weld flaws via sound, Pacific Northwest Lab., IE, 12/2, p.70

Remotely located natural resources may be retrieved by Aerial Delivery and Retrieval (ADAR), 7/8, p.17

Titanium sheet clad with stainless, candidate for use in liquid oxygen system in space vehicles, 10/7, p.39

Bearingmakers:

1968 sales outlook, 7/22, p.72

Costs may triple prices, market report, 10/21, p.67

Bearings, Bushings:

Dry lube for ball bearings, 11/4, p.68a*

Federal-Mogul banks on warm forged bearings, patented technique, 7/1, p.49

High temp bearings, new materials test, NASA, 9/16, p.27

Benders: See Forming, Bending

Bituminous Coal Research Inc.: Garvey: Needed—more funds to fight air pollution, 9/23, p.50k*

Blasting: See Cleaning, Blasting

Bonding: See Joining

Bonds:

Industrial development bonds still an issue, states battle, 7/22, p.19

Bonus Payments:

Editorial: Do incentives motivate? 9/23, p.17

Has the bonus carrot lost its savor? STEEL Feature, 9/23, p.41

Christmas bonuses 'hocus pocus', remarks of Barton of Cadillac Associates, 12/9, p.21

Management bonus based on earnings of phantom stock shares at 3M, 9/23, p.47

Brazing: See Joining

Buildings: See Construction

British Welding Research Assn.:

Gas jet laser cuts metals, under development, 10/28, p.22

Bureau of Mines:

Junk ore plus junk low cost lode for steelmakers: Processing plant in Mesabi to convert hematite and auto scrap into synthetic magnetite, 9/16, p.114†

Old tires yield useful byproducts, research sponsored by Firestone, 12/23, p.23

Bureau of National Affairs Inc.:

How wages are spiraling, 7/29, p.22

Personnel policies—uniform for unorganized, forum report, 11/25, p.20

Business (Economy):

1968: 4th quarter forecasts, 9/16, p.7

1968: Business outlook scaled down, 9/23, p.5

1968: Inflation spoiled the forecasts, 12/30, p.5

1969: New set of business worries (cost vs. supply), 8/19, p.7

1969: Inflation still No. 1 worry (NICE meeting), 9/30, p.5

1969: Inflation concern (editorial), 10/21, p.17

1969: What business economists foresee, (GNP, Industrial production, capital spending, corporate profits after tax), 10/7, p.7

1969 economic gain, outlook of surtax and spending cuts, 10/14, p.5

1969 outlook: Buyers taking off brakes (U. of Mich. conference), 11/18, p.11

1969 forecast by NAPM, 12/9, p.19

1969 forecasts call for sales growth, little profit growth, 12/23, p.7

Chase Manhattan Bank: Economic gains of last two years an illusion, 7/1, p.9

Consumer attitudes, U. of Mich. and NICE survey: What people expect in next six months (chart), 7/15, p.7

Consumer spending: Surtax and tight money aimed at restraining economy—will people tighten purse strings? 9/9, p.7

FRB economy outlook, 10/14, p.7

Marketers (NICE Conference) forecast to 1975, 10/28, p.51

Metalworking Managers' Planbook, '69 forecast, 10/14, p.43

Metalworking, nine months earnings, 11/11, p.7

Metalworking, what managers expect in 1969, 12/9, p.49

Monetary crisis hangs over 1969, views of Fackler and Sprinkel, 12/16, p.5

Money (series)

1. Enough to keep rolling, 7/22, p.7

2. Between inflation and overskill, 7/29, p.7

3. Interest rates will stay high, 8/5, p.7

National City Bank (Dawson): More than steel labor troubles to start recession, 7/15, p.67

Social and economic trends, implications, 9/30, p.35

Steel industry, capital spending and acquisitions, last three years, 10/28, p.7

Business Equipment Manufacturers Association:

Market trends: Dick (chairman) predicts 1975 sales at \$25 billion, 11/11, p.89

Buy America:

Bill under study by Washington State Legislature, other state bills, 8/19, p.20

C

California Institute of Technology: Electric car race with MIT, 9/2, p.20

Canada:

1969 business outlook, all industry, 12/16, p.24

Auto pact: Sen. Vance Hartke asks—is U. S. losing out, 7/1, p.36

Auto pact, U. S.-Canada, no changes foreseen, 9/16, p.24

Hydrometallurgical process for producing iron powder dev. by Peace River Mining, 7/22, p.22

Machine tool orders rise, 12/9, p.24

NC lag may worsen in Canada: Boothe, Dept. of Industry report, 12/16, p.48

Steelmakers concern of growth rate, 7/29, p.22

Steelmakers' sales rise, 1968, 10/28, p.20

U. S. still dominates Canadian markets, 10/28, p.60

Cans, Canmaking:

Jeffco's can end press increases production, 12/2, p.53

Leased space in customer plants for assembly lines, 9/30, p.48

Microseal process for tin can seamer rollers, 10/7, p.144*

Tin can 'rarity' by 1970? 10/14, p.16

Capital Expenditures:

Capital spending upswing seen in 1969, NICE survey, 9/2, p.19

Capital goods outlook, a good year (projected capital spending) all industries, 10/28, p.53

Capital spending, new plant and equipment, Commerce survey, 9/16, p.26

Capital spending, why investment didn't nosedive (Chartener, asst. sec'y of Commerce), 9/30, p.20

Capital spending, 4th quarter, all industries, SEC and Commerce, 12/16, p.21

Foreign affiliates slow plant and equipment spending, 9/9, p.22

Plant and equipment appropriations for '69, NICE surveys 1000 largest corporations, 12/9, p.20

Metalworking forecast to 1975, 10/28, p.51

Steel industry, spending for new facilities and acquisitions last three years, AISI, 10/28, p.7

Casting, Castings:

Aluminum sand casting phases out at Alcoa Cleveland plant, 7/29, p.21

Concast (Rossi): Continuous casting takes giant strides, installations in operation, STEEL Feature, 12/30, p.28

Concast continuous casting equipment features direct strand reduction, 12/2, p.23

Continuous caster, universal dummy bar for all slab sizes developed, 8/26, p.54

Continuous casting key to Keystone's surge, 9/16, p.97

Hot metal pouring valve controls flow into tundish to mold in continuous casting, 7/29, p.21

Nylon castings perform in rock crusher applications, 8/12, p.52b

Steel preforms cast in permanent molds for subsequent forging: Oldsmobile process, 10/21, p.37

Weirton casting of slabs on four strands, 9/23, p.22

See also Diecasting

Ceramics:

Continuous hot pressing upgrades ceramics, Netherlands firm, 7/8, p.49

Chemicals:

Dow's steps for saving solvents, cut degreasing costs, 8/19, p.48

Chromium:

'Green rot' avoided by low chrome, 10/7, p.38

Cleaning, Blasting:

Scale removal system at Inland eliminates downtime, 7/15, p.96*

Shipbuilder uses gigantic shot-blast cleaner, moves on tractor-trailer, 7/29, p.50a*

Vacuum aids shotblasting for descaling wire, rod, sheet, English firm, 10/28, p.23

Cleveland:

A City picks itself up, Mayor Stokes 'Cleveland: Now!' program, 7/22, p.34

Warner & Swasey: A firm fights for its inner city, 8/26, p.47

Coal & Coke:

Inland Steel process produces coking coal from unusable Illinois coal, 12/2, p.23

Process upgrades coal tar pitch, makes high grade commercial coke, 12/9, p.23

Coated Coil Industry:

Aluminum use sparks coated coil industry, market report, 10/21, p.68

Coatings: See Finishes, Coatings**Coffee Breaks:**

Personnel director reports cost of coffee breaks, 10/14, p.16

Cold Forming:

Cold forming makes worldwide gains, Braun Engineering reports (STEEL Feature), 12/23, p.37

Renault cold forms stem pinion, 12/2, p.23

Cold Rolled Steel:

Inventories-metal, survey, 9/2, p.7

Cold Working:

English patent: Properties of noble metals and their alloys improved by cold working, 11/25, p.23

Colleges:

Engineering grads passing up graduate school for occupational deferments, 9/23, p.23

Graduates demand more money, 7/8, p.16

How business graduate students rate the leaders (companies listed), 8/26, p.41

Communications:

Are you confining your managing voice? STEEL Feature, 11/11, p.48

Company Operations:

Brown Boveri trying hard for 'U. S. Citizenship' again, 10/21, p.42

CF&I Steel forges capital spending plan for profits, 11/25, p.44

Keystone Steel & Wire: Continuous casting key to surge, 9/16, p.97

Monogram Industries: Acquisition is 'growth product', 11/15, p.76†

Ransburg: How to succeed in global market without really being big, 12/23, p.44

Sibley Machine & Foundry: Forecast teamwork hones market effort, 10/21, p.48g*

Warner & Swasey: A firm fights for its inner city, 8/26, p.47

Components:

3rd quarter inventory survey, 8/12, p.71

4th quarter inventory survey, 11/25, p.81

Composites:

Lockheed (Dr. Steinberg): Composites are keys to better airframes, 11/25, p.64a* and 12/16, p.51†

Marquardt seeks new shapes with composites, filaments, 9/2, p.44

Space Age composites are flying high (STEEL Feature), 8/5, p.47

Computer Industry:

1970 forecast: Data communications to triple, 8/26, p.92

1975 equipment sales set at \$25 billion, market report, 11/11, p.89

By year 2000, big business to center on computer, prediction of Dr. Basil, 7/15, p.21

Market trend, sales to level, 8/12, p.73

Computer Time Sharing:

Less than 1% of U. S. computers use time-sharing, 7/8, p.16

Time sharing computer systems to grow, predicted, 12/30, p.20

Computers, Data Processing:

(See also Steel Mill Controls)

Accounting computers at MSL Steel, 7/8, p.44b*

Atom fuel inspection by small computer, Naval Nuclear Fuel Div., B&W, 12/23, p.48c*

Auto cataloging via computer, Chevrolet microfilm system, 10/14, p.19

CARD System, computer assisted route development (trucks routed via computer), 10/14, p.19

Computer automates in-process storage, 9/16, p.95

Computer-based system monitors 1500 process point (machine tool operation, cleaning, inspection), 12/2, p.68k*

Computer control comes to chip-makers, DCC for metal cutting, 8/19, p.37

Computer control for hole punching and fabricating, Strippit, 8/19, p.41

Computer data handling, preparing operations sheets via computer at Lockheed, 11/14, p.68d*

Computer graphics adjusts for accuracy, IBM, 9/23, p.37

Computer graphic display terminal Univac, 10/7, p.38

Computer helps time study; Prof. Steffy, U. of Mich., development, 8/19, p.21

Computer predicts and controls electric demand power, 11/4, p.55

Computer-scale drawings on NC machine, 9/9, p.64s*

Computer via telephone line, 12/16, p.22

Computerized testing (STEEL Feature), 12/16, p.41

Data storage and retrieval system provides remote access in 8 seconds (marketed by Diebold and Sanders Associates), 7/15, p.96h*

Electronic filing and retrieval for paperwork, 8/19, p.21

Ford computerizes shipments in transit, inventory systems, 11/11, p.11

Foundry has computerized scheduling system, FACS, 12/30, p.21

GM: Design to dies via computer (DAC 1 and INCA), 12/16, p.19

McDonnell Douglas computer control logs production time, hooked to run milling machines: From print—to tape—to template, 11/11, p.60

NTDPMA computerized open time report system working well, 7/8, p.73

Philco-Ford's automated production control system, 7/1, p.50

Philco-Ford computer system remedy for shop control headaches, 9/2, p.21

Small company use of computers, GE's de Sabata report, 11/25, p.46

Tin plate producers eye computer inspection, 12/23, p.48b*

Used computer market grows, industry report, 12/2, p.54

Construction:

Computer designed prefabricated buildings, 7/8, p.18

New construction expenditures for 1969, Commerce forecast, 12/30, p.50

Pre-engineered steel buildings, new markets, 12/2, p.60

Staggered struss steel framing for apartment building, 8/19, p.23

Construction Equipment:

Civilian business more profitable than defense, 7/8, p.15

Construction machinery: 1969 aim—\$4 billion sales, 12/9, p.126

Export sales to take smaller market slice, Allis-Chalmers show downtrend (chart), 9/2, p.66

Construction Industry Manufacturers Assn.:

Forms lawyers' council for liability cases, 7/8, p.16

Consumer Attitudes:

What people expect in next six months, U. of Mich. and NICB surveys, 7/15, p.7

Consumer Spending

Surtax and tight money aimed at restraining economy—will people tighten purse strings? 9/9, p.7

Containers: See Packaging, Containers**Contract Shops:**

Contract metalworking shops destined for either captivity or 'alley scale' jobbing work; Diversey's Kauffman, 7/15, p.75

Coolants: See Lubrication**Copiers: See Office Equipment****Copper:**

Australian copper producers eye overseas markets, 8/26, p.91

Electric arc melting 'logical' for copper (tubing) at Halstead, 7/1, p.52†

World price will drop, Michaelson (Kennecott) forecasts, 9/30, p.19

Copper Development Association: Copper consumption for motor vehicles to rise, 10/21, p.69

Total copper consumption and markets, meeting report, 11/25, p.48

Cornell Aeronautical Laboratory: Study: The 100 mile per hour expressway, 8/5, p.11

Corporate Planning:

Long range planning: Keeping a sharp eye on the future, STEEL talks to three (company) planners, 9/30, p.43

Cryogenics:

Supercold treatment improves tools & dies (dry cryogenic treatment), 7/8, p.52c

Customer Relations:

Steel industry in new era of customer accommodation (buyers blitz steel sales traditions), 10/14, p.35

Cutting, Shearing:

Close tolerance shearing serves customers well at Allegheny Ludlum, 11/4, p.59

Lodge & Shipley's new Turnacut: Cutoff features speed, accuracy for bar or tubes, 10/28, p.65

D**Data Processing: See Computers****Defense:**

DoD procurement policy of steel, 8/19, p.20

DoD updates Ammunition Procurement Agency, 8/19, p.23

Defense Contracts:

Defense contractors' profits at minimum, DoD (Malloy), 11/18, p.19

With defense orders grounded—titanium suppliers seek new markets, 9/9, p.34

Degreasing:

Here's how to cut degreasing costs, Dow's seven steps for saving solvents, vapor loss, 8/19, p.48

Desalting Plants:

Copper alloys best in desalting plants, 10/28, p.72d*

Diecasting:

Acurad process ups commercial aluminum diecasting, used at Alcoa Castings Co., Chicago Works, 9/9, p.51

Decorative diecasting: More than just a surface change (STEEL Feature), 10/28, p.55

Diecasting line is a one-man show (Dura plant in Toledo), 10/14, p.54

GE sees dim future for zinc diecasting (Dr. Hurd), 11/4, p.96

Hot chamber aluminum machine unveiled by ADCL, 10/21, p.32

Systems method solves diecasting lube problem, 11/18, p.84p*

Zinc diecasting: Enter the computer, 10/7, p.83

Die Casting Exposition & Congress:

Preview of Detroit expo, 10/28, p.62 and 11/11, p.42

Die-making:

Chevrolet previews new die-making facility, INCA system, 11/4, p.11

Chrysler digitizer: Step toward automated die-making, 7/29, p.11

GM: Design to dies via computer, 12/16, p.19

Diffusion Bond: See Joining**Drawing:**

Variable die for tube drawing, Battelle dev., 8/26, p.22

Drilling, Boring:

Holes drilled by laser made smoother, Russia, 8/19, p.23

Drives, Controls:

Hydrostatic transmissions - drives, market report, 7/1, p.70

Variable speed AC drives utilizing thyristors or silicon controlled rectifiers (SCR), market trends, 9/23, p.71

Dummy Bars: See Casting, Castings**Dumping Charges:**

Customs Service report: Oregon Steel Mills against Broken Hill Pty. on Australian steel bars sold in Pacific Northwest, 9/30, p.21

E**ECM, EDM: See Machining****Economic Forecasting:**

Marketers (NICB conference) admit forecasts to 1975 look good, 10/28, p.51

Editorials:

A look at 1969, 9/2, p.17

Big League Problems (metalworking managers polled on political activity) 8/12, p.17

Concern About Inflation, 10/21, p.17

Customer Relations? 8/19, p.17

Do Incentives Motivate? 9/23, p.17

Expanding Understanding (Red Bloc trade), 7/8, p.13

Fall from Favor (public attitudes toward business and industry survey), 9/16, p.21

From the Ashes (Democratic convention), resolving national problems, 9/9, p.17

Guns or Jobs? 10/14, p.13

Handling in Transition, 10/7, p.33

How's Your PQ? People Quotient, 7/22, p.17

Merger Game, 12/2, p.17

No Competition? (steel price cut), 11/11, p.17

Polyoptimism (plastic industry), 11/4, p.17

Poverty—A Profession? 7/29, p.17

Protesting the Protesters, 10/28, p.17

Replacement costs (men lost to other employers), 11/25, p.17

Selective Restraint, 9/30, p.17

Straight Talk, 8/26, p.17

The High Cost of Managing, 12/16, p.17

The Manpower Squeeze, 12/30, p.17

The Service Mess (auto dealer garages), 7/15, p.17
 Spender, Heed Thyself! 8/5, p.17
 Time for Productivity, 11/18, p.17
 Trade—Free or Fair, 12/9, p.17
 Unfillable Promises! (10% tax surcharge), 7/1, p.17
 Voluntary Quotas, 12/23, p.17

Educational Programs: See Training

Electric Car Race:
 Caltech and MIT, 9/2, p.20

Electric Furnaces:
 Electric furnace output surges, 9/9, p.19

Electric Motors:
 Variable speed AC drives, market trends, 9/23, p.71
 Superconductivity stepped up, motors, generators, etc., 10/14, p.19

Electric Power:
 Nuclear powerplants for electric utilities, 7/22, p.20
 Predicting computer stretches power dollar, electric demand power cost, 11/4, p.55
 Transformers—more power to industry, markets; trend toward electric arc furnace operation, 12/23, p.65

Electrical Equipment:
 Fluidic control package features three kinds of fluidic amplifiers, 11/25, p.52

Electrical Market:
 Electrical product shipments—1968, 11/25, p.82

Electrochemical Machining Equipment:
 Producers look for '69 sales customers, ASTM meeting, 10/14, p.15

Electrocoating:
 Armo electrocoats fasteners, 9/2, p.22
 Steelmaker (Laclede) elects electrocoating for painting open web joists, 8/5, p.54

Electronic Industry:
 Consumer electronics sales forecast (TV, radio, phonos), 12/30, p.50
 Exports continue climb, 12/23, p.67
 Sales of electronic products to increase, market report, 10/21, p.69

Electronics:
 Electron gun emitters to shoot charged particles to earth's atmosphere, dev. by Ion Physics, 7/29, p.23
 GE technique detects tiny particles, quality control, 12/9, p.22
 Integrated Circuits: Chips are calling the shots (STEEL Feature), 9/9, p.41
 Integrated circuits boom for industry, auto uses, 7/22, p.21
 Integrated circuitry joins with magnetics, 9/23, p.35
 Transistors have flexible base (Mylar tapes, cellulose film, etc.), 8/26, p.24

Electroplating, Plating:
 Continuous cast gets aluminum, brass plating, 7/15, p.22
 Plating control holds key to nickel shortage: Harshaw Chemical, 7/29, p.71
 Phosphate coating—cause of fastener failure? Study at SPS shows no hydrogen embrittlement problem, 12/16, p.50
 Wood plated with metal, Germany, 8/5, p.23

Embossed Steel:
 Patterned steel products, market grows, 11/18, p.129

Employees:
 BNA forum report: Personnel policies 'uniform' for employees not in unions, 11/25, p.20
 Dr. Livernach (Harvard) speaks at AIC conference: Think you have people problems now? 10/7, p.70

Your employees in 1984, Sibson study published by Rickey Co., 12/30, p.19

Employment, Unemployment:
 Steel unemployment rises, 10/7, p.35

Engineering:
 Trend shapes up toward centralized engineering, survey by Beckwith (Cresap, McCormick & Paget), 11/18, p.71
 See also Value Engineering

Engineers, Technicians:
 Engineers with general conceptual educational background earn more than specialized engineers, 8/19, p.21
 Engineer grads seek deferment jobs, pass up graduate school, 9/23, p.23
 Engineers on loan to other firms allied with Lockheed, LEND program, 10/28, p.20
 St. Joseph Lead training program for technicians, 10/21, p.44

Engines:
 Engine of future: South African source describes engine patented by Kalman Toth, 11/18, p.23

Europe:
 Exports will revive with European recovery: Table—how U. S. firms fare in EEC and EFTA import markets, 7/22, p.42
 Best and worst of European trade: Kennedy Round tariff structure for EEC countries—United Kingdom, 7/29, p.39
 ECSC steel production to rise, 10/21, p.24
 EEC crude steel production, 9/2, p.21
 EEC promotes mergers, 12/2, p.24
 EFTA reports world output of crude steel, 12/9, p.24

Executives: See Management

Expanders: See Pipe Expanders

Exports:
 Can we crack barriers to fair trade? Best and worst of European trade, 7/29, p.38
 Exports to revive with European recovery, STEEL Feature, 7/22, p.39
 See also Foreign Trade

Extrusion:
 Cold extruded parts, worldwide gains, 12/23, p.37
 Nylon billets extruded into tubular shapes with cold forming unit, 8/16, p.27
 Stretcher-dewtister straightens extruded (structural) shapes, 11/18, p.73

F

Fabricating Shops:
 Purdue sets up school for fabricating shop managers, Metal Fabricating Institute, 9/30, p.53*

Fabrication & Assembly:
 Automatic assembly—Controls perfect the pace (STEEL Feature), 9/16, p.85
 Automatic assembly machine at Honeywell, fluidics, 9/30, p.46
 Automatic driver takes kinks out of assembly (power screwdrivers), 9/16, p.110a*
 Battelle-Northwest-fabrication by catalysis, high energy forging to produce titanium parts, 9/39, p.22
 Lockheed: Composites are keys to better airframes, bonded structures on giant C-5 cargo plane, 11/25, p. 64a* and 12/16, p. 51†
 Stainless steel plate sheared to close tolerances, aids fabricators, 11/4, p.59
 Tips on fabricating seamless tubing, 11/25, p.40

Fastener Industry:
 Equalize trade rules, IFI recommendations, 12/9, p.41
 Plastic fasteners, market trend, 9/23, p.70

Fasteners, Fastening:
 Armo electrocoats fasteners, 9/2, p.22

Automatic screwdriver takes kinks out of assembly line, 9/16, p.110a*
 Blind rivets of titanium alloy Beta III for SST, 9/30, p.22
 Boeing doubles aircraft fastener life with use of machine squeezed rivets, 11/18, p.84u*
 Hex-lobular wrenching drives for fastener market, Camcar, 11/25, p.55
 Phosphate coating: Cause of fastener failure? Study of SPS, 12/16, p.50

Fiberglass:
 Fiberglass 'civilizes' ECM units (Kennys at Michigan Glassline), 9/9, p.56

Fibers:
 Hollow fibers, technology boon, 10/7, p.39
 Reverse osmosis via hollow fibers cleans brackish water, 8/12, p.24

Filaments:
 A-4 Skyhawk fighter bomber flap has boron filaments, 9/9, p.23
 Boron filament reinforced aluminum for helicopter blades, 10/14, p.18
 Boron filament reinforced composites, AF order, 11/11, p.22

Financial:
 Metalworkers, '68 nine month earnings, 11/11, p.7
 Metalworkers, 1st half, 8/12, p.9
 Manufacturers profits, 1st Nat'l City Bank, N. Y., 12/2, p.22
 Steel profits, 3rd quarter mark, 11/4, p.23

Financial Analysts:
 How much should you disclose? Boyer (Goldman, Sachs) addresses NICEB, 8/19, p.43
 Stock value—management influence (survey of security analysts), 12/9, p.22

Finishes, Coatings, Paints:
 Electrodeposition system for porcelain enameling, 7/15, p.22
 Nickel coatings cheaper with coating and rolling a powder into surface, English patent, 12/23, p.22
 Paint technology changes approach to finishing, market trend, 9/9, p.91
 Phosphate coating: Cause of fastener failure? SPS study, 12/16, p.50
 Plasma coating achieves production status, new equipment (example chromium coating of stainless razor blades), 10/28, p.24
 Plastic coatings cut time, heat (Poland), 12/2, p.22
 Roll-on polymer film protects pre-finished surfaces, Metal Skin, 7/1, p.48
 Steelmaker (Laclede) elects electrocoating for painting open web joists, 8/5, p.54

Fire Equipment:
 Plant men study weapons to fight fire increase, Ansul seminar attended by safety directors from U. S. Steel, Inland, and Interlake, 8/19, p.47

Fluid Power:
 Market report: New standards, higher prices foreseen, 9/30, p.71
 Producers alarmed by Japanese invasion of markets, 12/30, p.49

Fluid Power Foundation Inc.:
 Newly established: Fluid power problems targeted, 10/21, p.22

Fluidics: See Instruments, Controls

Fordham University:
 Fr. Hogan: No faith in steel quota talks, 12/2, p.19

Forecasting: See Economic Forecasting

Foreign Competition:
 Duties against EEC steel sought by U. S. Steel from Treasury Dept., 10/21, p.21
 Fastener makers plead—equalize trade rules, 12/9, p.41
 Fluid power industry threatened by Japanese copies, 12/30, p.49

Forgers (conference) urged to intensify fight against competition, 9/30, p.21
 How foreign competition is doing in metalworking, chart, 8/26, p.9
 Pig iron imports ruled unfair by U. S. Tariff Comm., 10/7, p.37
 Product improvement: Weapon for U. S. business (J. I. Case aide cites way to stay ahead), 11/11, p.58
 Steel imports (steel strike) trouble suppliers (Kurt Orban, Wimpfheimer report), 7/8, p.31
 Steel imports, what to do (Barr, undersecretary of Treasury), 9/30, p.20
 Steel import quotas sought by steelmakers, impact overseas (voluntary restrictions by foreign steelmakers discussed), 10/28, p.19
 Steel import quotas, how faring in new Congress, 11/18, p.19
 Steel import quotas near? 11/25, p.19
 Steel import quota, no faith in talks, comments by Fr. Hogan (Fordham), 12/2, p.19
 Structural steel fabricators compete with imports, 7/22, p.71
 World steelmakers look to tougher competitive times, 11/4, p.33

Foreign Investments:
 Foreign affiliates slow plant and equipment expenditures, 9/9, p.22
 Foreign direct investment controls remain: Asst. Commerce Sec'y Chatterner, 10/28, p.19
 Hartke, Sen., predicts investment curbs to go, 11/25, p.20
 Managers needed for foreign duty: RCA-Sarnoff report, 10/21, p.24
 Multinational firm—challenge to identity: French author of *American Challenge* addresses Intern'l Chamber of Commerce, 12/9, p.43
 OFDI controls on overseas investment to tighten: Sec'y Fowler report, 9/9, p.36
 U. S. firms seek qualified foreign personnel, NICEB survey, 12/2, p.64

Foreign Markets:
 Australian copper producers eye overseas markets, 8/26, p.91
 Canadian, Mexican markets still dominated by U. S., 10/28, p.60
 How to succeed in global market without really being big: Ransburg Electro-Coating for example, 12/23, p.44
 World markets: Metalworking managers view 1969, 12/9, p.55

Foreign Trade:
 ASP repeats sought in nontariff talks (American Selling Price system), 7/1, p.21
 Autos, Japanese-U. S. coexistence? 8/26, p.11; Japan liberalizes imports, 8/26, p.19
 Can we crack barriers to fair trade, or world free trade? 7/29, p.38
 East-West trade slowed following Russian-Czech events, 9/16, p.23
 Exports will revive with European recovery, STEEL Feature, 7/22, p.39
 Fastener imports, exports—1967, 12/9, p.43
 Firms seek extra steel duties (alleged French export subsidies), 10/14, p.18
 GATT sees free world trade up, 11/25, p.24
 Imports close gap on exports, deterioration of U. S. balance of trade, 8/26, p.7
 Italian steel imports scrutinized by Treasury Dept., 11/4, p.24
 Kennedy Round tariff concessions go into effect, 7/1, p.21
 License cuts export red tape, 9/9, p.21
 Machine tool imports: Charts where tools are coming from, how labor costs compare (countries), report of Philip Geier Jr., 7/1, p.34
 Red Bloc trade, for and against (Kraut of Giddings & Lewis, and Rep. Curtis), 7/8, p.33
 Red Bloc trade—what readers say concerning Kraut and Rep. Curtis debate, 8/12, p.42
 Steel imports, pressures for quotas grow, 10/7, p.35
 Steel mill products continue record pace, 7/8, p.15

Zinc alloyers need imports, 7/15, p.21

Forging, Forgings:

Automotive forgings: Cast pre-forms crop costs (Oldsmobile-Truxell describes new process), 10/21, p.37

Forge heated stock with electrically heated furnaces: Conway (consultant) speaks at International Forging Conference, 10/7, p.148f*
Battelle-Northwest tests high energy rate forging of titanium parts, fabrication by cataclysm, 9/30, p.22

Closed die titanium forgings (larger) for Super Sky Crane helicopter, AF, 9/23, p.22

Eaton invests in forged gears' future, 9/2, p.65

Forging dies: ECM on verge to challenge EDM and conventional methods, 10/7, p.144e*

Titanium forging, industry meets pace of aerospace, 11/11, p.20

Warm forged bearings, patented tech. at Federal-Mogul, 7/1, p.49

Forging Industry:

European forgers view 1969 prospects: France's Faure reports, 10/14, p.38

Forgers urged to intensify fight against competition, International Conference, 9/30, p.21

Forgers view new materials and processes, 10/7, p.144u*

Forging Industry Association:

Chicago seminar planned, assault on profit squeeze, 8/26, p.91
Leadtimes, how to shorten, 11/25, p.82

Forming, Bending:

Cold forming makes worldwide gains (Braun Eng. report) STEEL Feature, 12/23, p.37

Titanium forming, Boeing, 10/7, p.83

Tube bender at Bend-Rite makes 1500 bends an hour, 9/23, p.23

Foundries:

GM cures cores via microwaves, 8/5, p.23

Studebaker - Worthington foundry has computerized scheduling, 12/30, p.21

Government:

Antitrust: Maremont says FTC discriminated, 9/2, p.24

Auto price hassle, industry-government (Sen. Nelson, Mich., expose of costs), 10/7, p.11

Auto repairability, Sen. Hart blasts designers at ASBE meeting, 10/14, p.8

Auto safety, tire appraisal of new cars proposals, 10/21, p.14

Auto safety tests begin, five private firms for testing get contracts, 7/1, p.21

Canadian auto pact: Sen. Hartke criticism, 7/1, p.36

91st Congress—what action? Key man is chairman of House Ways & Means Committee, Sen. Mills, 12/2, p.41

Exporters to get more aid (JEA program), 8/19, p.20

Foreign direct investment program (OFDI), controls tighten, 9/9, p.36

Foreign direct investment controls stay, 10/28, p.19

Foreign investment curbs to go (ASF), predicted by Sen. Hartke, 11/25, p.20

Fowler appraises U. S. balance of payments position, 11/25, p.32

Hartke bill encourages small firm exports, 8/12, p.21

Health and safety bill this session, provisions, 7/22, p.20

Highway programs for 1970: States money, 11/11, p.42

Legislation of interest to metalworking—little action, 9/16, p.78

Machine tool advisory committee planned, 11/4, p.22

Metric system study authorized by Congress, 12/16, p.38

Patent briefing teams find worldwide system ok, 9/23, p.19

Pension rules (integrated) outlined by Treasury, 7/22, p.19

Sen. Proxmire seeks C-5 cost data, 12/2, p.19

Renegotiation Act broader, Defense and Space Contracts, 10/21, p.22

Safety bill prospects dim, Occupational Health and safety legislation, 7/8, p.17

Safety rules due for trucks, 9/2, p.20

Steelmakers face lawsuits—how equal are job opportunities? 12/9, p.44

Trade policy group named, 9/9, p.19

Walsh-Healey Public Contracts Act gets noise regulation revision, 10/7, p.144w*

Graduates: See Colleges

Graphite:

Aerospace uses graphite in form of filaments for composites, 7/29, p.19

Graphite filament composites for Trit, 7/1, p.22

Shapes fabricated from graphite filaments at Norton, cover pic, 8/5

Gray Iron:

Gray iron quality improved at Case with new induction furnaces, 9/9, p.64p*

Great Britain:

British Railway Research: Phosphorus squelches iron sparks from diesel locomotive brakes, 9/9, p.21

British Steel Corp. to double spending, 9/2, p.21

Grinding, Polishing:

Automated grinding line at Ford: 16,000 bumpers per day, 7/8, p.45

Form grinder design: Machine takes 'throwaway' out of carbide inserts, 8/12, p.41

Huge 82 in. stroke grinder for Watervliet Arsenal, 12/2, p.68c*

In-process gage system boosts grinder output (combines Heald grinder with Marposh electronic gage), 7/15, p.96g*

Reground superalloy steel rolls (converter foil for packaging with 1 microinch finish), 11/25, p.64h*

Simple tool and cutter grinding machine in small shop, 12/2, p.65d*

Stainless steel, better method (belt grinder) of slab conditioning offered by Norton, Murray Way, and Composite Metals

(Same old grind? Not with this one), 12/23, p.33

Gross National Product:

By 1971, \$1 trillion, 8/26, p.19

NICB predicts to 1975, 10/28, p.51

Growth Industries:

Commerce Dept. study, the fastest growing industries, 11/25, p.20

 Budget for '69, surtax and cuts in federal spending may affect economy, 10/14, p.5
 Capital spending survey, upswing seen in 1969, 9/2, p.19
 Consumer attitudes, survey, 7/15, p.7
 Employees fly coach while on business, survey, 11/11, p.20
 Financial analyst addresses meeting: How much should you disclose? 8/19, p.43
 Inflation still No. 1 worry, economists speak at meeting, 9/30, p.5
 Jensen (Howmet) address: Nonferrous metal sales forecast, 10/28, p.103
 Plant and equipment appropriations forecast by 1,000 largest corporations, 12/9, p.20
 Pollution control expenditures up, survey, 9/23, p.69
 U. S. firms seek qualified foreign personnel, 12/2, p.64
 Urban crisis, mayors surveyed, 12/30, p.21

National Microfilm Association:

Show exhibit: Remote access system screens data in 8 seconds, 7/15, p.96h*

National Screw Machine Products Assn.:

Auto safety push, pressure eases, meeting report, 11/18, p.130

National Machine Tool Builders' Assn.:

Annual meeting report: NC tools faring well, 11/25, p.21
 Show policy altered, beginning 1972, 10/7, p.37

National Tool, Die & Precision Machining Assn.:

Computerized open time reporting system working well, 7/8, p.73
 Ed Hardman: Tool & die makers tackle the auto giants, 9/16, p.77
 O'Neal: Talks with GM progress well, amount of work automakers give contract shops, 10/28, p.20
 Tool, die makers outlook sluggish, meeting report, 11/11, p.90

Negroes:

How Negroes are faring in management ranks, 9/2, p.44a*

Neutron Radiography:

Used for nondestructive testing: Firms listed offering commercial radiograph facilities, 11/25, p.43

Nickel:

Harshaw Chemical: Plating control holds key to nickel shortage (Nova Bright nickel process), 7/29, p.71

Inco recovers nickel ore using ramps and induced caving method at Creighton mine, 9/30, p.21

Noise:

Damping material sound absorption measured, 12/23, p.48c*
 Dampening 'sandwich' of steel and plastic foils noise, transportation applications, British dev., 12/23, p.24
 Federal occupational noise regulation, 10/7, p.144w*
 Lead helps fight 'noise pollution', Asarco's continuous casting machine for thin lead, 9/16, p.90

Nondestructive Tests:

See Inspection & Testing

Nonferrous Metal Industry:

Market forecast at NIGB by Jensen of Howmet, 10/28, p.103

Numerical Control:

Adaptive control for hard jobs cuts machining costs, 11/4, p.22
 Adaptive controls for profiling machines, P&W sells to two firms, 7/8, p.17
 Adaptive control hooked to profiler, McDonnell Douglas, 11/11, p.60
 Adaptive control eyed for semi-fluids, 10/7, p.148a*
 Adaptive control (Fellows Gear) debuted for injection molding machines, 9/2, p.41
 Bliss: NumeriCenter-25H (single machine subs for several mills), 10/7, p.144a*
 Burgmaster's new line of low cost NC machining centers (Econocenter line) aims at small firms, 9/2, p.32
 Cashing in on NC takes total involvement: Bruce Turner, Joy Mfg., 7/29, p.50e*
 Computer control (DCC) comes to chipmakers, metal cutting, 8/19, p.37
 Computer-controlled transfer line incorporating three or more machining centers (Dualcenter), 8/19, p.22
 Computer-scale drawings on NC machines cut costs of precision fan parts, 9/9, p. 64s*
 Fluidic controls on NC machine tools, market report, 12/2, p.42
 Ford NC system cuts glass on the fly, 12/9, p.21
 GE updates its Mark Century 7500 series, some standard features, 10/28, p.66
 GM: Design to dies via computer (INCA and DAC 1), 12/16, p.19
 Kaiser tracer system increases NC uptime, 7/22, p.45
 McDonnell Douglas — computer control (DDC) logs production time: ALTAPE—from print—to tape—to template, 11/11, p.61
 NC diecasting at Chevy, 11/4, p.11
 NC gives machine shops new stance in metal forming, 12/2, p.56
 NC inspection system at Lockheed, 12/16, p.23
 NC lag in Canada reported by Boothe, Dept. of Industry, Canada, 12/16, p.48
 Taper rolling mill NC (stringers for Boeing 747), 11/18, p.84g*

GM: Design to dies via computer (INCA and DAC 1), 12/16, p.19
 Kaiser tracer system increases NC uptime, 7/22, p.45
 McDonnell Douglas — computer control (DDC) logs production time: ALTAPE—from print—to tape—to template, 11/11, p.61
 NC diecasting at Chevy, 11/4, p.11

NC gives machine shops new stance in metal forming, 12/2, p.56

NC inspection system at Lockheed, 12/16, p.23

NC lag in Canada reported by Boothe, Dept. of Industry, Canada, 12/16, p.48

Taper rolling mill NC (stringers for Boeing 747), 11/18, p.84g*

Nylon:

Nylon billets extruded into tubular shapes by cold forming unit, 9/16, p.27

O

Oceans:

Alcoa tackles oceanography, 7/15, p.67
 Deep-sea motors dev., 7/22, p.24
 Miniature ocean for testing marine mining equipment, Bureau of Mines 7/8, p.19
 Underwater Production System for drilling, production, storage and offloading of petroleum resources, 10/14, p.17

Office Equipment:

Copiers: Color them golden (3M and Xerox) market report, 12/2, p.89

Refractories Industry Research Center, 7/15, p.70

Order Processing:

Computer guides rebar fabrication, 11/4, p.22

NTDPMA computerized open time reporting system, working well, 7/8, p.73

TV terminals (cathode ray devices) flash order processing data for service center, 6/17, p.86d*

P

Packaging, Containers:

Anaconda Aluminum: Reground rolls produce converter fill for packaging, 11/25, p.64h*
 Containerize air shipments of auto parts at Ford, 11/18, p.23
 Containers seen fastest growing aluminum market, 7/8, p.63
 Partnership of steel, plastics seen by packaging engineer, 10/21, p.50b*
 Van containers for use in maritime transport between Far East and Europe, market growth, 7/8, p.18

Patents:

Worldwide patent system aired, reaction favorable, 9/23, p.19

Peening:

Shot peening system adapted to digital control, 11/25, p.22

Pensions:

Treasury proposal for pension plan rules, integration, 7/22, p.19

People Problems:

Think you have people problems now? Management meets anti-establishment feeling, social discontent, 10/7, p.70

People Quotient:

Editorial: How's your PQ? 7/22, p.17

Phosphate Coating:

SPS study: Phosphate coating—cause of fastener failure? 12/16, p.50

Pickling Line:

Aeration process licks pickle liquor sludge, Interlake, 8/12, p.32
 Hydrochloric pickling acid recovery system, joint dev. of Interlake Steel, Wean, and du Pont, 11/18, p.69 and 10/7, p.144w*

Pig Iron:

Close watch by U. S. for anti-dumping, 11/4, p.21
 Merchant pig iron producers win relief from unfair foreign competition, U. S. Tariff Commission, 10/7, p.37

Pipe Expanders:

Grotnes sees expanding girth of expander market, 12/23, p.48d*

Pipe, Tubing, Fittings:

Copper tubing, electric arc melting, 7/1, p.52†
 Seamless pipe designed for pipelines carrying liquid gas, low temps., 9/16, p.110k*
 Seamless tubing shapes up, cover story, 11/25, p.37

Pipeline Welding:

Automated EB welds foreseen, 7/22, p.22
 Automated system dev. by AIC's CRC-Croze Div., 10/21, p.50a*

Plant Construction:

Pre-engineered buildings tap specialty markets, 12/2, p.60

Plant Expansion & Development:

Area development is help on manpower bind, lures new plants, 12/2, p.45
 Armco updates Ashland plant: Metamorphosis of a modern mill, 12/2, p.62

Plastics:

Article (STEEL Feature): Metalmen warm up to plastics — chart (here's plastics' history), 11/4, p.45 and p.47
 Chromed plastics increase in use, electroplating ABS plastics, 11/4, p.52
 Auto, construction, packaging — biggest markets, 11/18, p.130
 Chicago expo draws interest, fastest growing industries in plastics, 11/18, p.21

Cold formed plastics business wanes at Cincinnati Milling, 9/23, p.23

Injection molding machines market forecast by Cincinnati Milling Machine (Mericle), 9/30, p.72

Injection molding machine with adaptive control, Fellows Gear, 9/2, p.41

Inland, A. O. Smith, joint interest in powder metal and glass fiber reinforced plastics, 11/25, p.22

Partnership of steel, plastics seen for packaging, 10/21, p.50b*
 Plastic fasteners, market trend, 9/23, p.70

Producers count output in tons, market report, 10/21, p.48n*
 Polyethylene jars subs for rubber jars, rotationally-molded, 9/9, p.23

Polyoptimism (editorial), industry materials, 11/4, p.17

Polyvinyl coatings application, tech. from Poland, 12/2, p.22
 Stamped reinforced plastics potential, 10/7, p.148b*

Thermoplastic resin (Glaslite) for sheet extrusion processing, 11/25, p.22

Whirlpool and GE make plastic washer tubs, 10/21, p.48n*

Plating: See Electroplating, Plating**Plating Solutions:**

Effluent problem vanishes with chloride type zinc, water treatment system at United-Carr-Canada Ltd., 10/21, p.50f

Politics:

(Article) Politics—is business too busy? Managers rank 1968's vital issues, 8/12, p.35
 Business economist takes vote poll (Nixon, Humphrey), 10/7, p.37
 Editorial: Big League Problems (metalworking managers polled on political activities), 8/12, p.17
 Editorial: From the ashes—Democratic convention, resolving national problems, 9/9, p.17

Pollution:

How pollution will control manufacturing, STEEL Feature, 7/29, p.43
 Pollution control expenditures this year, NICE survey, 9/23, p.69

COMPANY INDEX

A

ACF Industries Inc.:
Agreement to acquire Polymer Corp., 12/2, p.21
Merging Williams Bros., 7/29, p.22
Lubricated plug valves used at Carthage Mills, 12/2, p.68k*

AIC Corp.:
Automated pipeline welding system dev. at CRC-Croze Div., 10/21, p.50a*

AMF Thermatool Inc.:
Versatron remote control robot, IE, 12/2, p.75

Access Corp.:
Data control System 60, random storage, IE, 10/28, p.86

Acheson Colloids Co.:
Systems method solves diecasting lube puzzle, 11/18, p.84p*

Acme Products: See Interlake

Addresso Mfg. Co.:
Press brake gage ends clamps, IE, 9/2, p.50

Aerodyne Development Corp.:
Grit collector for cleaning quenching tank, lessens downtime, IE, 12/2, p.74

Aeroflex-General Corp.:
Neutron radiography used in non-destructive inspection, 11/25, p.42

Aeroquip Corp.:
Acquisition by Libbey-Owens-Ford Glass Co., 9/16, p.26

Air Products & Chemicals Inc.:
Acquiring Aircarb, 12/9, p.20

Air Reduction Co. Inc.:
Oxy-fuel speeds aluminum melting, 8/12, p.23
Wire 0.015 inc. in diameter, latest entry in superconductivity, 10/14, p.19

Ajax Magnethermic Corp.:
Automatic induction hardening, IE, 7/22, p.51
Expands plate heat treating facilities, 10/7, p.39

Alan Wood Steel Co.:
Preheating burners boost scrap content, IE, 7/15, p.100

Algoma Steel Corp. Ltd.:
Continuous casting both H-beams and I-beams in same unit-changing molds, 12/30, p.28

Allegheny Composite Corp.:
Joint venture of Allegheny Ludlum and Thomson Corp., 12/16, p.22

Allegheny Ludlum Steel Corp.:
Close tolerance shearing serves customers well, Westwood, Pa., plant, 11/4, p.59
Electrical steel analysis time cut by spectrometer, 7/15, p.84g*
Hollow bar cuts costs, reduces tool wear, 11/25, p.49
Silectron M-3 steel compared with silicon steel, 9/30, p.21
Wacker: Long range planning, 9/30, p.43

Allis-Chalmers Mfg. Co.:
Consolidation of construction machinery output considered, 11/25, p.21
Digital display draftometer uses pulse tachometers, reduces steel strip to proper thickness, 7/1, p.22

Elects Scott president, 8/26, p.21
Merging Standard Steel, 11/4, p.22
Sales gains offset by lower vol-

umes in other divisions, 7/29, p.21
Selector switches, water and dust tight, IE, 12/30, p.36
Squirrel cage motors, low silhouette, IE, 10/14, p.62
Tractor assembly lines combined, 10/7, p.40

Alloys Unlimited Inc.:
Acquires Burton Electrochemical, 7/29, p.22
Consolidation talks with Fansteel, 12/2, p.22
May merge with Sharon Steel, 10/28, p.24

Alnor Instrument Co.:
Alarm can check for open thermocouples, IE, 8/12, p.55

Aluminum Co. of America:
'69 record setter forecast by Harper, 12/16, p.21
220 in. rolling mill, plans, 10/7, p.144s*
Add potline, Evansville, Ind., 9/9, p.24
Adds sixth potline, 12/23, p.20
Grade of alumina offered, IE, 10/14, p.60
Ingots sized to specific jobs, IE, 10/28, p.86
Superalloy aluminum forgings, 7/15, 12/9, p.22
Tackles oceanography, 7/15, p.67
Ups interest in Imperial Aluminum Ltd., 9/9, p.22

Ambac Industries Inc.:
Acquires Michigan - Dynamics, 7/15, p.23

American Abrasive Co.:
Merging with Bendix, 11/11, p.21

American Demag Corp.:
Demonstrates its reaction accelerator (lime-soda slags into molten baths), 7/1, p.19

American Industries Corp.:
Acquires Caine Steel, 7/22, p.23

American-International Aluminum Corp.:
Venture with English firm to dev. laser systems, 8/5, p.22

American Machine & Foundry Co.:
Automatic drill, fixturing units, 8/12, p.52b

American Machine & Tool Co.:
Microfilming deflates ballooning (blueprints) problem, 12/2, p.68w*

American Metal Climax Co.:
MacGregor forecasts free world consumption of specialty metals, 12/16, p.22

American Motors Corp.:
1969: AMC's holding year, preview by Luneberg (president), 8/19, p.11
Chapin Jr.: Speaks before Investment Analysts - AMC - several hits, some misses, 12/23, p.12
Safer windshield feature on 1970 models, 12/9, p.11

American Precision Industries Inc.:
Packaged dust collectors, IE, 11/4, p.76

Amplex Corp.:
Videofiles: Electronic filing and retrieving, 8/19, p.21
Video tape system reduces paper files, IE, 8/12, p.54

Amron Corp.:
Separator reclaims 95% of copper scrap, Eriez two-stage MMS Separator, 11/11, p.66q*

Amsted Industries Inc.:
Bonus determined by group performance, 9/23, p.46

Anaconda Aluminum Co.:
Reground rolls (converter foil for packaging with a 1 microinch finish), 11/25, p.64h*

Anaconda American Brass Co.:
Technical service: Key to being a front-runner (Carl Woodward), 9/9, p.53

Anaconda American Brass Ltd.:
Expansion completed, facilities, 12/30, p.24

Anderson Co., V. D.:
Purifiers remove solids, moisture, IE, 7/8, p.56

Anotec Engineering Co.:
Acquired by KMS Industries, 11/11, p.21

Ansul Co.:
Seminar for safety directors from three plants: Study weapons to fight fire increase, 8/19, p.47

Apex Welding Inc.:
Scrap vacuumed into dumping hoppers, IE, 11/4, p.78

Applied Power Industries Inc.:
Small hydraulic valve saves space, IE, 12/2, p.71

Applied Research Inc.:
Acquiring S & L Metal Products, 12/16, p.23

Arcos Corp.:
Electroslag method joins thick welds in stainless, 8/5, p.70

Argus Research Corp.:
Economic policies of Nixon, 12/2, p.7

Armco Steel Corp.:
Acquisition plans for Boothe Computer, 11/4, p.23
Annealing line for 'dress-up' types of stainless, Butler, Pa., 7/15, p.23

Chem-mills titanium wire, Advanced Materials Div., 11/11, p.24
Computers call shots at new hot rolling facility—from ingot to finished coils, 10/28, p.68a*

Continuous casting slab unit planned, 10/14, p.20

Expands Kansas City, Mo., Works, 7/29, p.21

Electrocoats fasteners, 9/2, p.22

Foreign trade subzone in New Orleans, files suit in U. S. district court, 11/18, p.21

Harmon: 1969 optimism for steel industry, 11/25, p.21

Leasing equipment, joint venture with GATX-Boothe, 12/16, p.23

W. F. & John Barnes: Transfer line automates machining of V-8 engine cylinder heads, 9/9, p.65

Bachman Co. Inc., Eric R.:
Chuckler automatic except for loading, IE, 8/26, p.66

Bailey Meter Co.:
Gas analyzer for blast furnace, 7/22, p.21 and 8/19, p.59
Pocock: How much melt shop control can you justify? 12/23, p.42

Soaking pit control, 9/9, p.64j*

Baker Bros. Inc.:
Boring machine for small lot jobs, IE, 10/7, p.170

Two position shuttle machine, IE, 7/29, p.55

Balance Technology Inc.:
Vibropac II reads amplitude, frequency, IE, 10/21, p.54

Vibrolite, solid state strobe light, portable balance of rotating parts, 12/9, p.82

Baldwin-Lima-Hamilton:
Standard Steel: Predicting electric demand-computer, 11/4, p.55

Standard Steel: Spectrometers improve steelmaking operations, 11/11, p.65

Barber-Colman Co.:
Reamers improve adjustment, IE, 11/11, p.74

Bardons & Oliver Inc.:
Fluidic lathes include 5 in. spindles, IE, 9/9, p.67

Barnes Co., W. F. & John: See Babcock & Wilcox

Barnes Engineering Co.:
Infrared camera takes color thermograms, 9/9, p.23

Infrared camera for nondestructive testing, 9/9, p.69

Bath Co., Cyril:
Universal stretch press, IE, 8/5, p.78

Bedford Gear & Machine Products Inc.:
Merge with Scott & Fetzer, 11/25, p.21

Bell Aerosystems Co.:
Nickel welds to boost rocket engine performance, 8/19, p.58d*

Bell Telephone Laboratories:
Dudderar: Holography tests toughness of metals, 11/11, p.24

Small magnet disc, 8/12, p.23

Superconductors, highest temperature, 12/23, p.23

Bend-Rite Corp.:
Tube bender dev., 1500 bends an hour, 9/23, p.23

Bendix Corp.:
1963 sales from government, 12/16, p.24
Acquiring American Abrasive, 11/11, p.21
Acquiring Buhr Machine Tool, 10/14, p.20
Adaptive control profilers, two firms order, 7/8, p.17
Automatic gaging unit based on fluidics, Sheffield, 7/29, p.56
Chucking grinder, Micro-Tol, IE, 10/28, p.56
Jig boring machine offers new options, IE, 10/28, p.85
Laser interferometer transducer, accuracy to setups, IE, 8/26, p.63
Profilometer benefits, IE, 10/14, p.62
Reorganizes divisions: Besly-Welles, and Cutting Tool Div., 10/14, p.20

Benson & Associates, Dr. Robert:
Ultrasonic tests dev. for NASA, hidden fatigue, stress, 7/1, p.46

Berkeley-Davis Inc.:
Expand-O-Ring machine, IE, 10/7, p.162

Beryllium Corp.:
Merged—new name Kaweck Berylo Industries, 10/28, p.24

Bethlehem Steel Corp.:
Adds dust collector at sintering facility, 8/12, p.32
Cast steel assembly completed for giant bubble chamber, 7/15, p.84d*
Computerized order processing, re-bar fabrication plant, 11/4, p.22
Corporate headquarters, new site, 7/8, p.20
ECM application for sinking forging dies, 10/7, p.144e*
Price increases, 8/12, p.21
Price cut on hot rolled sheets, 11/11, p.19
Whitelcollars win pay raises, 8/26, p.19

Birdsboro Corp.:
Builds scale removal system for Inland, 7/15, p.96f*

Bliss Co., E. W.:
NumeriCenter 25H: Single machine subs for several mills, Salem rolling mill div., 9/30, p.54† and 10/7, p.144a*
Universal dummy bar for continuous caster, 8/26, p.54

Bliss & Laughlin Industries Inc.:
Acquiring Threaded Nails, 10/7, p.40

Boeing Co.:
Boeing builds titanium landing gear beams for 747, 9/9, p.64a* and 12/9, p.74†
Machine squeezed rivets used doubles aircraft fastener life, 11/18, p.84u†
SST wing design in final stage, 9/9, p.22

Borden Inc.:
Adhesive tailored to air pollution codes, IE, 7/1, p.56

Borg-Warner Corp.:
Auto parts sales forecast strong, 12/30, p.51
Automatic transmissions on import autos: Oesterle reports, 7/29, p.23
Marbon Chemical expanded into group of four operating divisions, 7/22, p.23

Boston Digital Corp.:
Tape controlled mill has big features, IE, 12/30, p.33

Brad Foote Gear Works Inc.:
Merging with Teledyne, 10/7, p.39

Brane Corp.:
Arrow Machine—ram type unit machines titanium, IE, 8/5, p.71

Bridgeport Machines Inc.:
P/M used in heavy duty milling machine clutch, 11/18, p.84c*

British Leyland Motors Inc.:
Formed in U. S. to market foreign cars, 9/23, p.24

Broderick & Bascom Rope Co.:
Acquired by Keystone, 7/22, p.23

Broken Hill Pty. Co. Ltd.:
Expands steel capacity, new facilities, 11/25, p.24

Brown & Sharpe Mfg. Co.:
Adds universal grinders, IE, 9/16, p.132
Alloy (Sharpaloy) expands cutting tool life, IE, 8/19, p.60

Brown Boveri & Co. Ltd.:
Trying again for manufacturing foothold in U. S.: Talks joint venture with North American Rockwell, 10/21, p.42

Buhr Machine Tool Co.:
Acquisition by Bendix, 10/14, p.20
Probe mechanism detects excessive stock, 7/8, p.19
V-8 exhaust manifolds machine, assembly butterfly valve, 12/9, p.79

Bunker-Ramo Corp.:
Metal cutting computer control system, 8/19, p.42
NC machine tools upgraded, 11/18, p.84k*

Burgess & Associates Inc.:
Vibron bowl feeder, 78,000 parts per hour, IE, 11/11, p.74

Burgmaster: See Houdaille

Butler Mfg. Co.:
Building Carolina plant, 12/2, p.22

CF&I Steel Corp.:
Buying Silver Engineering Wks., 12/9, p.20
Capital investment program, five-year plan, 11/18, p.24 and 11/25, p.44
Lime kiln put on stream at Pueblo Wks., 9/23, p.22

Cadillac Associates Inc.:
Barton: How to cut costs of executive replacements, 10/7, p.37
Christmas bonuses attacked, 12/9, p.21

Callaghan-Max Ams Can Machine Co.:
Can end press built for Jeffco Mfg., 12/2, p.53

Camearc Screw & Mfg. Co.:
Hex-lobular wrenching drives for fastener market, 11/25, p.55

Carborundum Co.:
Abrasive cutoff saw, Tysaman Div., 7/1, p.22 and 7/8, p.53
Adds Armor Systems Div., 11/18, p.24

Carpenter Steel Co.:
Builds service center in South Bend, 9/16, p.25
Merger plans with Electronic Specialty, 8/12, p.32
Stainless 'Carpenter Project Type 303' new, 8/19, p.58a*

Carthage Mills Inc.:
Replaces gate and ball valves with lubricated plug valves (ACF), 12/2, p.68k*

Case Co., J. I.:
Grumley: Product improvement, one way for U. S. firms to stay ahead in foreign competition, 11/11, p.58
Induction furnaces, Clausen plant, improve gray iron quality, 9/9, p.64p*

Inertia welder-small size, IE, 9/16, p.121

Century-Detroit:
82 in. stroke grinder for Water-vliet Arsenal, 12/2, p.68c*

Cerro Corp.:
Merger deal with Essex Wire, 7/15, p.23; 8/19, p.22
Merger with Standard Oil, 12/16, p.24

Chase Brass & Copper Co.:
Scrap recovery methods may swell rhodium use, 12/9, p.79

Chemcut Corp.:
Spray etcher, IE, 7/22, p.54

Chemetron Corp.:
National Cylinder installs preheating burners at Alan Wood, 7/15, p.100

Chromalloy American Corp.:
Sintercast bends carbides (Ferro-Tic C), wrapped with stainless sheet, 8/5, p.23
Sintercast offers machinable carbide that withstands cold forming heat, 9/16, p.110b*

Chrysler Corp.:
1969 entries, optional manually adjustable six way bucket seat, 9/30, p.9
Agreement with Nissan as agent of diesel engines, 10/14, p.20
Aluminum paint, heat resisting, IE, 10/7, p.169
Amplex starts new operation, Van Wert, Ohio, 7/8, p.64
Automated diemaking step with digitizing system, clay model to die sequence, 7/29, p.11
Boyd cites goals: Chrysler lays broad growth plans, 9/2, p.10
Boyd predicts 1970 car sales at 13 million a year, 11/25, p.20
Building transmission plant, Perrysburg, Ohio, 12/9, p.20
Expanding Toledo plant, 10/23, p.24
Townsend: Big Three's spending in plant and equipment forecast during 1970s, 12/16, p.19
Water pollutants at stamping plant cut with pyrodecomposition system, 7/29, p.24

Cincinnati Milling Machine Co.:
Cold formed plastic business wanes, 9/23, p.23
Dr. Merchant cites challenges facing machining: Future turns on 'optimization', 9/9, p.48
EDM power supply, IE, 10/14, p.60
Mericle (Forming Div.): Market trend for injection molding machines, 9/30, p.72
Reid Jr.: Long range planning, 9/30, p.43

Clarage Fan Co.:
Computer scale drawings of precision fan parts cut costs, 9/9, p.64s*

Clark Equipment Co.:
Slab handler attachment fits straddle carriers, IE, 12/9, p.104

Cleco Pneumatic:
Heavy duty grinders, IE, 12/2, p.70

Cleereman Machine Tool Corp.:
Delivers machining complex to automotive supplier for machining cast iron transmission cases, 9/16, p.110a*

Cleveland Automatic Machine Co.:
Automatic diecasting unit, IE, 8/19, p.59
Hot and cold chamber diecasters, IE, 10/28, p.87

Cleveland Crane & Engineering:
Unit simplifies order picking jobs, IE, 7/1, p.53

Cleveland Twist Drill Co.:
Agrees to merge with National Acme, 9/2, p.24

Cleveland Worm & Gear: See Eaton Yale

Clevite Corp.:
Merger talk with U. S. Smelting, 12/30, p.23

Colt Industries Inc.:
Elox EDM unit holds 9,000 lb loads, IE, 8/26, p.70
Elox EDM unit to finish auto panel dies, IE, 9/9, p.70
Merges with Crucible, 10/21, p.23
P&W sells adaptive control profilers to two firms, 7/8, p.17

Cominco Ltd.:
Zinc base forging alloys dev., 10/28, p.23

Composite Metals Products Inc.:
Stainless slab from belt grinder, new process, 12/23, p.33

Concast Inc.:
Rossi: Continuous casting takes giant strides—who will build the last slabbing mill? 12/30, p.28

Condec Corp.:
Acquires Lynd Gear & Tool, 11/18, p.23
Shafier: The military and the merger trend, 11/11, p.59* and 12/16, p.49†

Connecticut Spring Corp.:
Hardenable steel alloy prevents spring cracks, stainless dev. by Carpenter Steel, 11/11, p.66q*

Conrac Corp.:
Powerton (formerly Giannini): Preststaker combines pressing, staking, 7/15, p.104

Consar Corp.:
Large slab ingots made by electroslag remelting, 11/25, p.47

Continental Can Co.:
Leasing arrangement for fabricating cans, assembly lines, 9/30, p.48

Conway & Associates:
Conway addresses National Forging Conference: Electrically heated furnace for forge stock, 10/7, p.148f*

Cooper Weymouth Inc.:
Motorized coil stock reel, IE, 10/7, p.169

Continental Steel Corp.:
Hot top dev. with Fosco, 12/30, p.22

Cooper-Sentner Co.:
Business consultant firm formed by former U. S. Steel execs, 12/30, p.23

Copperweld Steel Co.:
Shelby Div. name changed to Ohio Steel Tube, 12/23, p.21

Corhart Refractories Co.:
Special formula brick shields steel furnaces, 12/2, p.68c*

Corning Glass Works:
Fluidics dev. for Sundstrand's Parts Maker, 12/2, p.43
Windshield glass dev. for AMC—safety feature, 12/9, p.11

Covel Mfg. Co.:
CC grinder works on ID, OD, IE, 7/22, p.54

Cresap, McCormick & Paget:
Beckwith (survey): Trend shapes up toward centralized engineering, 11/18, p.71

Cross Co.:
Buys CIC Computer Systems, 10/21, p.23

Crucible Steel Corp.:
Merger with Colt Industries, 10/21, p.23
Produces TRIP steel wire, 11/4, p.19

Cullen-Friedsted Co.:
Swivel tool held loads in tight areas, IE, 12/16, p.64

Cummins Engine Co.:
Demand for diesel powered trucks, 10/14, p.17

Curtis Noll Corp.:
Acquires Hamilton-Skotch, 7/22, p.23

Curtiss-Wright Corp.:
Agreement to purchase Metal Improvement and subsidiaries, 10/21, p.23

Cyclops Corp.:
Merger plans approved with Sawhill, 8/12, p.32

Seeking wrought nickel-base superalloy for jet engines, 9/2, p.23

D

Data Technology Corp.:
Small computer (\$6600) for tin plate inspection, 12/23, p.48b*

Denton and Anderson Co.:
Acquires Economy Machine Tool, 9/16, p.26

Detroit Broach & Machine Co.:
Tracer lathe dev. for shaping domelike ends of diesel pistons, IE, 9/23, p.53

Deutsch & Shea Inc.:
Ad. index-engineer-scientist demand drops, 12/30, p.20

DeVlieg Machine Co.:
No special holders needed for changer, 12/2, p.24

Dexter Corp.:
Interdivisional sales philosophy pays off, 8/19, p.54d*

Di-Acro Div.: See Houdaille

Diamond Shamrock Corp.:
Merging Pickands Mather, 9/16, p.26

Dick Co., A. B.:
Predicts 1975 business equipment sales set at \$25 billion, 11/11, p.89

Diebold Inc.:
Jointly markets data storage and retrieval system, 7/15, p.96h*

Digital Equipment Corp.:
Changes from low cost (central processor) computers to a total system, 12/23, p.23

Computer for NC tape preparation, IE, 9/9, p.74

Diversey Engineering Co.:
Kauffman: Job shop prepares for demands of '70s, 7/15, p.75

Diversified Metals Corp.:
Acquiring United Refining & Smelting, 10/7, p.40

May merge Proler, 12/23, p.20

Dixsteel Buildings Inc.:
Pre-engineered building to roof 25 acres, 9/2, p.45

DoAll Co.:
Cutoff saw meets small-large plant needs, 12/9, p.82

Hydraulic machines saw, file, polish, IE, 10/14, p.64

Two band tooled cutoff saws, one repeats lengths, IE, 8/12, p.53

Dodge Mfg.: See Reliance Electric

Domination Foundries & Steel Ltd.:
Builds 4th blast furnace, 12/16, p.24

Dow Chemical Co.:
Here's how to cut vapor degreasing costs, seven steps, save solvents, 8/19, p.48

Doan: Profitability cure for social ills, 12/2, p.21

Doan: Real growth needs inflation check, 12/30, p.20

Magnesium chloride brines from Great Salt Lake to be processed in Ogden, Utah, plants, 12/9, p.20

Makes ceramic foam, 12/16, p.24

Emerson Electric Co.:
Merging with Browning Mfg., 12/9, p.20

Fan-motor, IE, 8/5, p.84

U. S. Electrical Motors gearmotor, IE, 7/22, p.56

Readout system for boring mill, for Leitz Iron Wks., 12/9, p.82a*

Empire Abrasive Equipment Corp.:
Dust collector stops particles to 1 micron, IE, 12/9, p.108

Portable blasting gun, IE, 7/29, p.55

Empro Inc.:
Notching machine, IE, 12/23, p.48

Enerpac Div.:
Air-hydraulic clamping for tackwelding, 12/9, p.76

Enterprise Machine Tools Inc.:
Heavy duty lathe cuts metric threads, IE, 11/18, p.101

Erie Foundry Co.:
Forging presses automated, showing, 8/26, p.44

Eriez Magnetics:
Shear cuts mild steel, IE, 10/7, p.162

Essex Wire Corp.:
Merger deal with Cerro, 7/15, p.23; 8/19, p.22

Eutectic Corp.:
Powder welding cuts diecast downtime, 8/5, p.60

Ex-Cell-O Corp.:
Acquiring A. E. Parker & Sons, 7/22, p.23

F

FMC Corp.:
Aluminum radiator rejected for personnel carrier aluminum tubes, 9/9, p.21

Link-Belt line of parallel shaft reducers ups hp rating, IE, 8/26, p.64

Fairchild Camera & Instrument Corp.:
Pressure switch for fluidics, IE, 8/12, p.55

Falk Corp.:
Flexible coupling uses rubber-fabric element, IE, 9/9, p.72

Rex Chainbelt bid to acquire (presently under agreement with Sundstrand), 11/25, p.22

Fansteel Inc.:
Acquires Ceramics International, 7/15, p.23

Acquiring Alloys Unlimited, 12/2, p.22

Acquisition deal with Mech-Tronics, 8/19, p.23

Baltimore plant produces extruded titanium shapes, 7/22, p.23

Farrel Corp.:
Proposed merger of USM, 8/19, p.23

Federal-Mogul Corp.:
Banks on warm forged bearings, patented technique, 7/1, p.49

Fellows Gear Shaper Co.:
Debuts adaptive control for injection molding machines, 9/2, p.41

Nylon billets cold extruded into tubular shapes, 9/16, p.27

Ferro Corp.:
Electrodeposition for porcelain enameling, 7/15, p.22

Fife Corp.:
Electrohydraulic unit powers strip guiding, IE, 9/30, p.57

Firestone Tire & Rubber Co.:
Sponsors test for old tires, yield byproducts (oil and gas), 12/23, p.22

Fisher Governor Co.:
Pneumatic switching valve, snapping action, IE, 12/2, p.68c*

Flintkote Co.:
Additive accelerates dissolution of burnt lime in BOF slag, 9/16, p.27

Flying Tiger Line:
Hoffman: Air cargo cruising to higher volume, 12/16, p.37

Ford Motor Co.:
Air bag restraint, safety feature for future, cushions between instrument panel and rider, 12/30, p.9

Air containers ship auto parts, 11/18, p.23

Antiskid computer for Thunderbird, Lincoln Mark III, 7/8, p.16

Automated grinding line, Monroe plant: 16,000 bumpers per day, 7/8, p.45

Boat equipped with polyurethane foam roller cleans River Rouge, skims oil slicks, 8/5, p.22

Computer controlled gear rolling line for Livonia, Mich., plant, 8/19, p.40

Computerized brake and throttle control on proving ground, 8/12, p.22

Computerizes shipments in transit, inventory systems (TMIS and STS), 11/11, p.11

Go-Go transportation can mean money saved: Diagram of TMIS system, transport from shipping dock to invoice, 12/15, p.46

Horsepower emphasis poses question—will Washington ignore 'hot' cars (speed factor), 9/9, p.11

Lincoln-Mercury Div. key to Ford's long-range potential, 9/9, p.13

Minicar (Maverick) plans revealed, 12/16, p.21

NC system cuts glass on the fly, 12/9, p.21

Plastics operation expanded, Seline, Mich., 11/4, p.23

Safety testing assembled prototype cars, may use procedure of Wyle testing of Apollo moon shot, 12/23, p.43

Service problems most worrisome problem: Arjay Miller, 7/15, p.11

Switches from SAE 5160 to SAE 10B62 steel for coil springs, 8/26, p.23

Techna heralds future 'better ideas', 7/1, p.12

Techna features, auto show, 12/16, p.9

Turbine engines for trucks by 1972 a forecast, 10/28, p.11

Fort Duquesne Steel Co.:
Aluminum use sparks coated coil industry: Lott reports, 10/21, p.68

Foseco Inc.:
Hot top designed for bottom end down molds dev. in coop with Continental Steel, 12/30, p.22

Dr. Feigenbaum: Quality men face up to liability threat, 9/2, p.37

Georgetown Steel Corp.:

New firm controlled by German firm headed by Willy Korf (re-bars and wire), 12/9, p.60

Giddings & Lewis Machine Tool Co.:

NumeriCenter-25H machining center for Bliss, 9/30, p.54†

Giddings & Lewis Inc.:

Training via videotape recording, 9/30, p.52*

Gilman Engineering & Mfg. Co.:

Lee Powers sums up automatic assembly equipment, 9/16, p.85

Glasrock Products Inc.:

Adds line of fused refractories, IE, 12/9, p.108

Gleason Works:

Acquires James Cunningham, Son & Co., 10/28, p.24

Closed loop, in process laser measuring system for thread grinders, other machine tools, 10/14, p.18

Laser gaging (closed loop) catches 50 millionths on the fly, 12/23, p.41

Goldman, Sachs & Co.:

Boyer (financial analyst) addresses NICB: How much should you disclose? 8/19, p.43

Granite City Steel Co.:

Pelletizing plant capacity, 8/5, p.22

Granite City Steel International Corp.:

Studies Indonesia for steel plant, 7/8, p.19

Gray Co., G. A.:

Builds huge milling machine, 11/4, p.22

Gregory Industries Inc.:

Combining with TRW, 11/11, p.21

Griffiths-McKillop Steel Co.:

Shopper reports dealing with suppliers—"hard-nosed" purchasing, 11/11, p.39

Grimm & Co., W. T.:

Mergers accelerating, increasingly involve firms with public ownership, 10/14, p.17

Grinnell Corp.:

Incinerator smoke washers reduce fly ash emission, IE, 10/7, p.176

Protomatic sprinkler system, IE, 10/14, p.63

Grob & Tesker Corp.:

Fast grinding of drills, IE, 12/16, p.65

Grotnes Machine Works Inc.:

Grotnes sees expanding girth of (pipe) expanders market, delivered a \$1.5 million line pipe to American Bridge in Texas, 12/23, p.48d*

Grumman Aircraft Engineering Corp.:

Electron beam welding may be used in building fighter aircraft, 10/14, p.51

H

Hacker & Co., William J.:

Portable analyzer gages nonmagnetic coatings, IE, 9/16, p.124

Halstead Industries:

Electric arc melting 'logical' for copper, 7/1, p.52†

Harper Co., H. M.:

Stretcher detwister machine straightens extruded shapes, 11/18, p.73

Harris Mfg. Co. Inc.:

Cold treating freezer for thin stainless strips, IE, 9/16, p.122

Harshaw Chemical Co.:

Plating control holds key to nickel shortage (Nova Bright nickel process), 7/29, p.71

Hart-Carter Co.:

Installs power screwdrivers on assembly line, Hume Div., 9/16, p.110a*

Hartford Special Machinery Co.:

Flat die thread roller, IE, 11/18, p.105

Harvey Aluminum Inc.:

Makes large boron-aluminum sheets for General Dynamics, 9/2, p.23

Hastings Aluminum Products:

May merge into National Steel, 12/23, p.21

Hays Corp.:

Design changes of oxygen analyzers, IE, 8/26, p.68

Suppressed range oxygen analyzer, IE, 9/16, p.122

Heald Machine Co.:

Internal grinder combines with electronic gaging (Marposs) system for Whistler & Sons, 7/15, p.96g*

Heidrich & Struggles:

R&D executives, a profile, 9/9, p.24

Herr Equipment Corp.:

Strip leveler-continuous process, goes to aluminum producer, 12/9, p.56

Strip leveler features, 11/18, p.22

Hewitt-Robins Inc.:

Forms Materials Management Systems, 12/23, p.22

Shearing press for Whitney Corp., 12/9, p.82

Hill Acme Co.:

Abrasive saw cuts hot alloy materials, IE, 12/2, p.74

Hogannes Corp.:

Acquired by Interlake, 8/19, p.22

Sintering furnace built for Lucifer Furnaces termed research tool, IE, 7/15, p.103

Steel powders vie with wrought, 12/9, p.22

Honeywell Inc.:

Bothwell predicts computer time sharing to grow, 12/30, p.20

Carbon dioxide laser, IE, 8/26, p.72

Computer package eases process programming, IE, 10/21, p.53

Computer via telephone line, 12/16, p.22

Disc packs for computer processors, IE, 11/25, p.66

Electromagnetic pulse pickup monitors speed up to 200,000 rpm, 12/9, p.81

Fluidic controls in gas turbine engines predicted, 11/11, p.23

Honeywell takes dose of own fluidics—automatic assembly machine, 9/30, p.46

Magnetic-actuated circuitry offered by Micro Switch, 9/23, p.35

Hooker Chemical Corp.:

Paint technology changes approach to finishing, report of Pesko, 9/9, p.91

Parker system keeps liquid levels controlled, IE, 9/9, p.70

Houdaille Industries Inc.:

Burgmaster NC low cost line (Econocenter) aims at small firms, 9/2, p.32

Di-Aero computer controlled punch press, IE, 9/30, p.55

Kwik-Switch spindle, IE, 8/5, p.80

Punch press computerized, DI Aero Div., IE, 10/28, p.85

Strippit sells computer control for hole punching and fabrication, 8/19, p.41

Strippit's computer controls hole punching center, IE, 10/21, p.53

Strippit fabricator punches hole up to 5 in. diameter, IE, 12/9, p.98

Houghton & Co., E. F.:

Heavy duty coolant for long service life, 10/28, p.68d*

Howmet Corp.:

Builds aluminum reduction plant with Pechiney, 7/29, p.21

Jensen at NICB meeting forecasts nonferrous metal sales, 10/28, p.103

Hughes Aircraft Co.:

Contouring added to machining center, IE, 7/15, p.108

Machining center trend: Market contouring system, 10/14, p.50

Hull & Co. Inc., R. O.:

Compound protects phosphated surfaces, IE, 7/8, p.56

Humble Oil & Refining Co.:

Mist lubricant has seven viscosities, IE, 7/1, p.54

Hunter Container Corp.:

Microseal, metallic plating for tin can seamer, 10/7, p.144s*

Hydra-Tool Co.:

Duplicating punch accepts any tooling, IE, 8/26, p.74

Hyster Co.:

Lift truck Challenger, large, suited for metals industry, 11/18, p.54k*

I

I-T-E Imperial Corp.:

Semifluidics eyed for adaptive control, 10/7, p.148a*

ITT Mariow:

12 new pump models, 11/25, p.49

Illinois Tool Works Inc.:

Shakeproof Div. supplies power screwdrivers for assembly lines, 9/16, p.110a*

Index Machine & Tool Co.:

Adds two milling-boring units, IE, 9/9, p.70

Vertical mills tracer controlled, IE, 9/23, p.53

Industra Products Inc.:

Automatic machine produces wound stators, IE, 8/26, p.68

System winds, places 120 stators per hour, IE, 10/7, p.180

Ingersoll Milling Machine Co.:

Small diameter end mills with replaceable carbide tipped helical blades, 12/16, p.52a*

Ingersoll-Rand Co.:

Drill, fixturing units, 8/12, p.52h

Merging with Torrington, 11/4, p.24

Inland Steel Co.:

1989 steel consumption forecast by Block, 12/30, p.19

Continuous billet and slab casting facilities, 7/1, p.23

Expands water pollution treatment facilities, 9/16, p.25

Process makes unusable coal useful, 12/2, p.23

Scale removal system eliminates downtime, East Chicago, 7/15, p.96f*

Interlake Stamping Corp.:

How Interlake stamping cuts tooling costs, 11/11, p.66e*

Interlake Steel Corp.:

Acid regeneration system for hydrochloric pickling line, 10/7, p.144w* and (article) 11/18, p.69

Aeration process licks pickle liquor sludge, 8/12, p.32

Acme Products strapping machine, IE, 7/15, p.97

Acquires two-thirds interest in Hoeganaes, 8/19, p.22

Acquires Redirack Industries Ltd., 9/30, p.24

Automatic warehouse (storage and retrieval) system spotlights reliability, 11/25, p.41

International Business Machines Corp.:

Computer graphics adjusts for accuracy, 9/23, p.37

CMAF: Computer program packaged for metal melters, called Charge Materials Allocation Processor, 11/11, p.53

Computer (OIT) data handling, used at Lockheed, 11/4, p.68d*

Computer 1800 drives Cincinnati profiler to run milling machines—logs production time, 11/11, p.60

Computer-based system monitors 1500 process points (adaptive control using a central computer), 12/2, p.68k*

Computer takes full typewritten pages, 8/5, p.24

Computer simulates holograms, 8/5, p.22

Laser beam may power optical memory system, 11/18, p.23

Light from laser makes a diode on silicon wafers, 12/23, p.23

International Harvester Co.:

Solar Div. EB welds helicopter parts 9/16, p.110k

Ion Physics Corp.:

Electron gun emitters for space job, create artificial light formations, 7/29, p.23

Itronics Inc.:

Infrared pyrometer, IE, 11/18, p.102

J**Jacobson Mfg. Co.:**

Merged into Kearney-National, 7/1, p.24

Japax Scientific Corp.:

EDM features slash machining time, IE, 10/14, p.59

Jay-Cee Machine Co.:

NC gives machine shops new stance in metal forming competition, 12/2, p.56

Jeffco Mfg. Co.:

Can end press speeds production, 12/2, p.53

Jessop Steel Co.:

Plans: Facilities Improvement Program, rolling mills, bar finishing facilities, etc., 10/7, p.144w*

Jones & Laughlin Steel Corp.:

Getty president, Jan. 1: Reports voluntary quotas won't help, 11/11, p.20

Machinability of stainless steel 416SM betters standard AISI grade, dev. by Stainless & Strip Div., Warren, Mich., 8/26, p.56*

Hennepin, Ill. sheet mill, press preview, 7/22, p.20

Hennepin, Ill. mill joins battle for Midwest sheet market, 7/29, p.47

Hennepin mill employs rural manpower: Cover—meet Ed Bartman, farmer turned steelworker, 12/2, p.45

High strength steel alloy processed by hot rolling and controlled cooling, Cleveland Wks., 12/2, p.68d*

Joy Mfg. Co.:

Cashing in on NC takes total involvement: Bruce Turner, Heavy Machining Div., Franklin, Pa., 7/29, p.50e*

K**KMS Industries Inc.:**

Buying Anocut, 11/11, p.21

Kaiser Aerospace & Electronics Corp.:

Tracer system increases NC up-time, 7/22, p.45

Kaiser Aluminum & Chemical Corp.:

Acquires Designed Facilities Corp., 7/15, p.22

Expands Kable Werk, Berlin, plant, 12/30, p.24

Heat treat line (sheet in coil form) put on line, Trentwood, Wash., 9/30, p.24

Inserts toughen welds of aluminum to steel, 11/11, 66f*

Kaiser Engineers Div.:

L-D basic oxygen capacity at record pace, planned U. S. BOF additions, 10/28, p.21

Reclaiming and recycling L-D furnace dust, iron ore savings, 12/9, p.23

Kaiser Steel Corp.:

Australian Hamersley iron ore complex, cover pic, 9/30

Price boost on carbon plate and structurals, studies other products, 8/12, p.33

USWA wins portable pension clause under labor contract, 10/28, p.20

West Coast imports of steel rise, survey, 9/8, p.22

Kawecki Chemical Co.:

Merges with Beryllium to form Kawecki Beryco Industries, 10/28, p.24

Kearney & Co. Inc., A. T.:

Macomber offers 'minipiggi' train concept, 9/2, p.22

Trucks routed via computer, CARD System, new dev., 10/14, p.19

Kearney-National Inc.:

Agreement with Jacobsen to merge, 7/1, p.24

Kennedy Van Saun Corp.:

Nylon castings perform in crushing applications, 8/12, p.52b

Kentucky Electric Steel Co.:

Guaranteed Inventory program, holds for customer release time, 7/15, p.84f*

Keystone Railway Equipment Co.:

Acquires Rockford Bolt & Steel, 9/16, p.25

Keystone Steel & Wire Co.:

Acquires Broderick & Bascom Rope, 7/22, p.23

Continuous casting key to company surge, 9/16, p.97

May rename company, 9/16, p.26

Reorganizes into Keystone Consolidated Industries, 10/28, p.24

Sommer: Price rise on wire products, 8/12, p.19

Kilde & Co. Inc., Walter:

Dura Div.'s automatic decasting line, a one-man show, 10/14, p.54

Kleer-Flo Co.:

Platform eases action of degreasers, washers, IE, 12/23, p.47

Kochring Co.:

Hartmann hydraulic pump, IE, 12/9, p.100

Koppers Co. Inc.:

Flexibility in heat treating line, Metal Products Div., Baltimore, 9/16, p.110d*

L**Laclede Steel Co.:**

Electrocoating for painting open web joists, 8/5, p.54

Lancashire Steel Corp.:

Infrared gate measures rod emerging from bar mill, 11/11, p.22

Lau Blower Co.:

Completes Cleveland plant, 7/8, p.19

Lear Siegler Inc.:

Acquires National Twist Drill, 7/8, p.19

Gear shaving units, IE, 9/9, p.72

National Broach & Machine Div.: Automated ring gear rounder, IE, 9/16, p.127

National Broach gear rolling machines ordered by Chevy, Ford, 12/30, p.32b*

National Broach 'center' grinds tooth profiles, IE, 12/16, p.63

Silicone rubber bus bar insulation cuts induction furnace failures, Automotive, Div., 8/19, p.58*

Lehigh Foundries Inc.:

Preheated charges for electric arc and induction furnaces, new installation, 10/7, p.144j* and 2/5, p.43

Leitelt Iron Works:

Readout system, 12/9, p.82a*

Letts Industries Inc.:

Lasco hydraulic press equals five usual presses, IE, 12/2, p.69

Levinson Steel Co.:

Builds steel mill on Trinidad, 10/21, p.24

Lewis Machine Co.:

Wire-bar straightener, cutter, IE, 12/9, p.102

Libbey-Owens-Ford Glass Co.:

Acquires Aeroquip, 9/16, p.26

Lincoln Electric Co.:

Offers T-frame polyphase squirrel cage induction motors at open motor prices, IE, 9/23, p.54

Lindberg Hevi-Duty: See Sola Basic**Linde Div.:**

Cheaper gas driven air conditioners, research, 8/19, p.23

Latest plasma arc welding unit a grownup version of the tiny Needle Arc, 12/16, p.23

Welding torches, new unit features a nozzle and contact tube replaced in seconds without tools, 10/14, p.80

Link-Belt: See FMC Corp.**Liquid Carbonic Corp.:**

Welding carriage improves speed control, IE, 11/11, p.71

Little Inc., Arthur D.:

Copper alloys best in desalting plants, 10/28, p.72d*

Liton Industries Inc.:

Hewitt-Robins forms unit handling consulting group 'Materials Management Systems', 12/23, p.22

Systems approach opens new markets: example world waterways as giant transportation system for materials, (report in May 13 issue), 8/26, p.56b*

Lockheed Aircraft Corp.:

Aerial freight train (air cargo birds poised for boom): Lockheed-Georgia Div., 7/1, p.41

C-5 cost data sought by Sen. Proxmire, 12/2, p.19

Cargo terminals automated (flow chart) to justify expenditures of giant planes, 9/16, p.82

Computer controlled tools needs more study, 12/23, p.19

Computer-data handling, IBM 'Optical Image Terminals', 11/4, p.68d*

Haughton: More subcontracts put in foreign shops, 12/16, p.83

Weirton casting via four strands, 9/23, p.22

National Steel & Shipbuilding Co.:

Modernizes San Diego shipyard, 7/1, p.24

National Twist Drill & Tool Co.:

Acquired by Lear Siegler, 7/8, p.19

Natweld Steel Products Ltd.:

Changes name to Canadian Lukens Ltd., 12/23, p.22

Navan Inc.:

Saw uses water tube as measuring device, IE, 12/2, p.70

New Britain Machine Co.:

Acquires Osley & Whitney, 9/2, p.24

Niagara Machine & Tool Works:

Revision of OBI presses, IE, 9/16, p.133

Nordberg Mfg. Co.:

Simplified control valve line, IE, 8/26, p.66

Nordson Corp.:

Hot-Stitcher reduces interrupted bead pattern, IE, 10/7, p.178
Spray nozzle, airless paint process, IE, 9/16, p.121

North American Aviation Inc.:

TV probes pipe welds internally, 7/8, p.18

North American Rockwell Corp.:

Advanced transportation systems study, illustration, 7/1, p.23

Aerospace innovator (Ralph Ruud) sees hike in technology pace, 7/8, p.47

Atomized fuel concept dev., 9/16, p.26

Diffusion bonding on verge of wider market: Mellil report, 12/2, p.66

Labor talks begin, IAM, 8/19, p.21

Snelling: Engineering-sales-manufacturing—management coaching ups teamwork, 12/9, p.69

Technical center for Pittsburgh area, 8/12, p.22

Unit feeds two weld wires, dev. by R. E. Nugent, 12/30, p.22

X-ray in 3-D used to find flaws, computer technique, 10/14, p.19

Northeast Fluidics Inc.:

Fluidic press controls have fail-safe features, 8/26, p.56h*

Northrop Corp.:

New taper rolling mill NC (rolling stringers for Boeing 747), 11/18, p.84g*

Plastic tooling with heat conductivity of aluminum, Norair, 10/28, p.72d*

Training for hard-core unemployed, 11/18, p.84r*

Norton Co.:

Belt grinder produces gleaming stainless slab, 12/23, p.33

Floatable armor vest of boron carbide composite in a polyethylene foam, 8/5, p.60

Licensing and tech. assistance agreement with Japanese firms, 12/30, p.23

Melts oxides to produce crystalline refractories (cover pie), 7/15, p.69

System calibrates vacuum gages, 12/2, p.22 and 10/21, p.23

System ups substrate capacity, 12/9, p.24

Nuclear Corp. of America:

Starts continuous (Concast) casting of billets next year at S. C. plant, 10/28, p.24

O

Ocean Systems Inc.:

System tackles deepwater drilling, production costs (UPS), 10/14, p.17

Ogden Corp.:

Acquires Wabash Smelting, 12/16, p.23

Ohio Steel Foundry Co.:

Sold to Teledyne, 8/5, p.22

Ohmart Corp.:

Gamma powered thickness gage, IE, 10/14, p.60

Olin Brass:

Develops tough bronze alloy, 9/9, p.65

Olin Mathieson Chemical Corp.:

Acquiring Miller Industries, 11/11, p.21

Aluminum bronze, plastic, heat treatable, IE, 9/9, p.70

Enters tube market, 9/2, p.24

P/M rifle bolt assemblies, Winchester-Western, 7/15, p.84a*

Oliver Machinery Co.:

Adds two nonferrous saws, IE, 7/29, p.56

Opinion Research Corp.:

Studies on 'public attitudes toward business and industry', editorial, 9/16, p.21

P

Pacific Press & Shear Corp.:

Bonus bending offered by hydraulic press brakes, IE, 12/2, p.70

Press brakes for tube punching at Seismograph, 7/15, p.96c*

Press brake at Valley Tow-Rite cuts operations time, 11/11, p.66c*

Pan-American World Airways Inc.:

Graham addresses MHII: Need for new material handling systems, 11/4, p.96

Panametrics Inc.:

Ultrasonic thermometer for NASA, measures heat inside nuclear reactor, 9/23, p.22

Pandjuris Weldment Co.:

Arc weld placement by levers, IE, 11/18, p.101

Pangborn Corp.:

Spot peening system adapted to digital control, 11/25, p.22

Parker-Hannifin Corp.:

Acquires Rockwell Mechanical Packing, 7/1, p.24

Double end horizontal press, IE, 10/21, p.51

Markets a newly designed fluidic control package (amplifiers can be plugged into five-hole sockets), made by Canadian firm, 11/25, p.52

Peace River Mining & Smelting Ltd.:

Develops P/M technology for steel strip, 7/22, p.22 and 11/11, p.23

Hydrometallurgical process for producing iron powders by 1970, 11/11, p.23

Pennsalt Chemicals Corp.:

Merger plans with Wallace & Tiernan, and name change to Pennwalt, 12/9, p.21

Perkins Machine & Gear Co.:

Manual spring coiler makes various shapes, IE, 11/4, p.75

Philco-Ford Corp.:

Automated production control system demonstrated, 7/1, p.50

Computerized system CCS 7100, remedy for ship control headaches, 9/2, p.21

Steel strip defects get instant replay on TV camera, 9/9, p.21

Phillips Research Laboratories (Netherlands):

Continuous hot pressing upgrades ceramics, 7/8, p.49

Phillips Laboratories:

Spectrometer cuts analysis time of electrical steel, used at Allegheny Ludlum, 7/15, p.84g*

Pickands Mather & Co.:

Acquires Zirconium Corp. of America, 8/12, p.22

Merging with Diamond Shamrock, 9/16, p.26

- Pipe Machinery Co.:**
Profile recorder traces parts inside and out, Veeko unit, IE, 9/30, p.56
- Piper Aircraft Corp.:**
Nondestructive test program pays off, 12/2, p.68
- Pittsburgh Steel Foundry & Machine Co.:**
Changes name to Pittron, 10/28, p.24
- Pittsburgh Steel Co.:**
Merger with Wheeling, can it be accomplished? 9/16, p.24
- Pneumo Dynamics Corp.:**
Acquires Waltham Grinding Wheel, 10/14, p.20
Acquires two firms, 11/25, p.21
- Pollak Steel Co.:**
Hot metal pouring valve controls flow into tundish to mold in continuous casting, 7/29, p.21
- Polymer Corp.:**
ACF may acquire, 12/2, p.21
- Pope Machinery Corp.:**
Spindles tailored to 12,000 sfpm wheels, IE, 12/9, p.98
- Portage Double Quick Inc.:**
Automatic inspection systems, IE 7/29, p.51
- Porter Company Inc., H. K.:**
Automated copper tube mill on stream at Stuarts Draft, Va., 11/18, p.84d*
DC Servo motor line, IE, 9/16, p.125
- Pratt & Whitney Machine Tool Div.:** See Colt Industries
- Precision Welder & Flexopress Corp.:**
Shock absorber valve press works an angle, IE, 11/4, p.73
Spiral arc welder assemblies finned tubes, IE, 7/8, p.56
- Predicasts Inc.:**
Instrument sales to triple in decade, 12/23, p.67
- Press Automation Systems:** See U. S. Industries
- Proler Steel Corp.:**
May merge with Diversified, 12/23, p.20
- Q**
- Quality Machines Inc.:**
Copy milling machine for carbide tools, IE, 11/11, p.73
- R**
- Racine Hydraulics Inc.:**
Merger with Rex Chainbelt, 8/19, p.22
- Radiation Dynamics Inc.:**
Irradiation curing eyed for commercial use, 10/21, p.23
- Radio Corp. of America:**
Computer testing benefits in piston line, 12/16, p.45
Giant automatic gage checks crankshafts, 12/9, p.23
Sharper images of molecular structure with new vacuum system, electron microscopes, 9/30, p.22
Signs contract with Dept. of Labor to train hardcore jobless, 9/16, p.110p*
Systems approach for testing auto pistons, rods, 10/7, p.38
- Ralmike's Tool-A-Rama:**
Tilting rotary table fits under comparator, IE, 12/9, p.104
- Ramond & Associates, Albert:**
Input control: Growing industrial problem, 9/9, p.64q*
- Ransburg Electro-Coating Corp.:**
Firm is example of how to succeed in global market without really being big, 12/23, p.44
- Raritan Engineering Co.:**
Low voltage motors, IE, 7/10, p.180
- Reliance Electric Co.:**
Dodge SCR adjustable drive, IE, 8/5, p.82
- Republic Corp.:**
Acquires Lukas Tool & Die, and Seeker Eng., 7/1, p.24
- Republic Tool Inc.:**
Merger underway with National Steel, 11/4, p.23
- Republic Steel Corp.:**
14 in. Chicago bar mill unveiled, 12/9, p.64
Adopts new tin plate pricing, 7/1, p.60
Clark straddle truck with Heppenstall hydraulic handler carries slabs to Warren plant, 12/9, p.82ee*
Patton: Earnings, costly period of rebalancing, 10/21, p.22
Patton speaker at IRSI: Earnings picture, 10/28, p.19
Pollution control facilities to clean up waste water, closed loop system at rolling operations, 12/30, p.23
Process control for steel mill, strip pickling line, 7/1, p.22
South Chicago plant, radio control for soaking pit, 8/19, p.58b*
Widmer forecasts import drop, 12/9, p.19
- Research-Cottrell Inc.:**
Acquires Flex-Kleen, 12/23, p.22
- Rex Chainbelt Inc.:**
Bids for Falk Corp., now under agreement with Sundstrand, 11/25, p.22
Merger with Racine Hydraulics, 8/19, p.22
Merger of Pacific Flush Tank Co., 10/14, p.20
Polyurethane element resists coupling wear, IE, 9/16, p.124
- Rexall Chemical Corp.:**
Reinforced plastics (Glaslite) for sheet extrusion, can then be vacuum formed, 11/25, p.22
- Reynolds Metals Co.:**
Blumenreich: Home interiors wide market for aluminum, 12/30, p.51
- Ripsteel Corp.:**
Auto Freshredder, chews up cars in less than a minute, 9/16, p.108
- Ritter Pfandler Corp.:**
Merging with Taylor Instrument, 7/22, p.23
- Roblin Industries Inc.:**
Acquiring United Steel & Wire, 10/21, p.23
Acquisition approved for Flange-klamp, 8/19, p.23
- Robotron Corp.:**
System induction heats adhesives, IE, 8/5, p.71
- Rocket Research Corp.:**
EDM cuts time, costs, work (intricate components), 9/16, p.110s*
- Rockwell Mfg. Co.:**
Acquiring Sterling Faucet, 12/2, p.22
- Rolls-Royce Ltd.:**
Graphite filament composites lighten Trijet, 7/1, p.22
- Ryerson & Son Inc., Joseph:**
Buys Atlantic Steel's hot rolled steel coil processing plant, 11/18, p.24
- S**
- St. Joseph Lead Co.:**
Aims at upgrading technicians, training program, 10/21, p.44

Jumbo drums for lubricants, IE,
9/9, p.69

Sunbeam Equipment Corp.:
Atmosphere furnace versatile in
scope, IE, 7/1, p.53
Gas generator produces hydrogen,
nitrogen, IE, 12/2, p.72
Organizes a Thermal Processing
Div., 9/30, p.24

Sundstrand Corp.:
Case of the forgotten parts: New
Parts Maker machines finished
parts directly from bar stock,
rolled shapes and extrusions,
11/18, p.62
High speed compressors are cen-
trifugal, IE, 7/29, p.56
Omnicontrol system, metal cutting
by computer, 8/19, p.39
Parts Maker uses fluidic controls
supplied by Corning, 12/2, p.43

Sunnen Products Co.:
Oil filter for honing machines, IE,
11/18, p.102

Sutton Engineering Co.:
Adds modular design to leveler,
IE, 8/12, p.53

Sylvania Electric Products Inc.:
Brazing alloys aim at easing join-
ing problems, 10/28, p.23

Symmons Engineering Co.:
Continuous cast bronze alloy for
plumbing equipment, 10/21,
p.48n*

Systemation Inc.:
Automatic electronic testing unit,
IE, 7/1, p.54

T

TRW Inc.:
Agreement pending for acquisition
of Gregory Industries, 7/22,
p.23
Agreements to combine with Reda
Pump and Gregory Industries,
11/11, p.21
Merges United-Greenfield, 9/30,
p.24
Merging Ritter Pfaudler, 7/22,
p.23

Taylor Instrument Companies:
Pressure transmitters give exten-
sive ratings, IE, 12/2, p.72

Taylor Machine Works:
Oil clutch power boost to forklifts,
IE, 11/18, p.108

Technical Service Laboratories:
Special oil analysis spots machine
wear, 9/9, p.64n*

Teledyne Inc.:
Acquiring Futurmill, 10/14, p.20
Agreement to merge Brad Foote
Gear Works, 10/7, p.39
Buys Ohio Steel Foundry, 8/5,
p.22

Thermal Dynamics Corp.:
Plasma welding torch paves opera-
tor training, 11/25, p.64d* and
12/16, p.52†

Thomson Industries Inc.:
Dual-use table speeds milling and
drilling, IE, 11/11, p.72

Tinnerman Products Inc.:
Agreement for merger with Eaton
Yale, 10/21, p.23

Titanium Metals Corp. of America:
Point deformation rolling under
study, special sheet rolled side-
ways, 12/23, p.24
Price reductions, aerospace impact,
8/12, p.33

Titel Engineering Inc.:
Valve controls continuous casting,
7/29, p.21

Tomic Sales & Engineering Co.:
Merged with Sola Basic, 9/9, p.24

Tool Research & Engineering

Corp.:
Stressskin: Welding machine pro-
duces diffusion bonded titanium
honeycomb panels, 10/7, p.143

Tool Steel Gear & Pinion Co.:
Parallel shaft couplings, IE, 8/12,
p.56

Torrington Co.:
Merging with Ingersoll-Rand, 11/4,
p.24

Tridex Electronics:
ALTAPE scanner for McDonnell
Douglas: From print—to tape—
to template, 11/11, p.61

Triton Foundations Inc.:
Floating communities near shores,
housing idea, 12/30, p.20

tion aid, IE, 12/30, p.36

Wear Industries Inc.:
Builds pickling line with acid re-
generation system for Interlake,
10/7, p.144w*
Hydrochloric pickling acid re-
covery system, 11/18, p.69

Webb Co., Jervis B.:
Automated system for steel coil
handling, IE, 7/8, p.53

Weirton Steel: See National Steel

West Instrument Corp.:
Controller works with standard
thermocouples, IE, 12/9, p.98

Westinghouse Electric Corp.:
Automatic warehouse storage, re-
frigerator doors, computer con-
trol, 9/16, p.92
Brazing electrical contacts with
induction heating, 8/5, p.23
Centralized control for rolling mill,
8/12, p.48
Consolidates product lines: Laser,
EB welding, cutting, 12/9, p.76
Control, drive for shielded welds,
11/25, p.64d*
Corrosion-proof motor, IE, 9/16,
p.129
Electric arc furnace expert (Bor-
rebach): Electric furnace aid to
ministeelmakers, 9/9, p.64p*
Electron beam line announced for
near future, 10/28, p.24
Giant generator shipped dis-
assembled by rail to N. J.,
9/16, p.27
Heat pipe transfers heat within a
radioisotope thermoelectric gener-
ator, development, 11/25, p.24
Ironing process squeezes materials
into order, new dev. of Dr.
Taylor, scientist, 9/9, p.64n*
Laser patent issued, 10/7, p.40
Plutonium research (manufactur-
ing fuel elements for commercial
reactors), 11/18, p.22
Process control computer (Hagan
Div.) for Midwest Steel five-
stand cold mill, 11/25, p.46
Product Cost Laboratory system
aids divisions in reducing costs,
7/8, p.41
Solid state drive, IE, 7/29, p.54
Transistors have flexible base,
8/26, p.24
Undersea Div. (S. W. Timblin):
Quality cost studies can hike
profits, 7/8, p.52b
Welding control, drive for shielded
welds, ToteM-Pak, 12/16, p.52

Wheelabrator Corp.:
Gybrator, wet barrel tumbling
fastener, IE, 7/15, p.102

Wheeling Steel Corp.:
Merger with Pittsburgh Steel, can
it be accomplished? 9/16, p.24

Wheeling-Pittsburgh Steel Corp.:
Duvall: Merger key to small inde-
pendent steelmaker, 12/9, p.20

Whistler & Sons Inc., S. B.:
Combines an internal grinder (Heald) and a Marposh electronic gaging system (in-process gaging system), 7/15, p.96g*

White Motor Corp.:
Diamond Reo manufacturing plant for Lansing, 10/28, p.24
Heavy duty truck sales up in '69, 12/23, p.20

Whitehead Group of Companies:
Surveys security analysts on management influence on stock value, 12/9, p.22

Whitney Corp., W. A.:
Pipe samples hydraulically punched, IE, 12/2, p.69

Whittaker Corp.:
Planetary ball swaging, tube-working process, Nuclear Metals Div., 12/23, p.23

Wolverine Aluminum Corp.:
Merger with Pentronis and Eglington, 9/9, p.24

Woodward Co.:
Merged with Mead, 9/9, p.24

Wyle Laboratories Inc.:
Crisis (instant test) saves Apollo moon shot, 12/23, p.43

Wyman-Gordon Co.:
Coyne: Repertory of materials and processes grows, 10/7, p.144u*

X

Xerox Corp.:
Color copiers, markets, 12/2, p.89
Price addresses MHII: Need for new material handling systems, 11/4, p.95
Telecopier sends documents via phone, IE, 10/7, p.181

Y

Youngstown Sheet & Tube Co.:
Merger plan with Lykes, 11/11, p.21
Seamless pipe designed to find use in low temp. piping systems (refineries, petrochemical plants,

transmission of liquid gas), 9/16, p.110k*

Z

Zagar Inc.:
Roto Circle drills cross holes in round shafts, IE, 8/26, p.64

Zirconium Corp. of America:
Acquired by Pickands Mather, 8/12, p.22

Zurn Industries Inc.:
Acquiring Erie Engine & Mfg., 7/8, p.19
Acquiring Sargent, and Nash, Cadmus, 7/29, p.22
Acquires Lamar Pipe, 12/16, p.23
